BRITISH LABOR VOTES TO SEND ITS ENVOYS TO STOCKHOLM

600 Representing All Classes Of England's Workers Take Action

NOT TO BE BOUND BY SOCIALISTS' MOVES

Decision Adds Strength to Conference Scheduled In September

LONDON, Aug. 10.—British labor today decided to be represented at the international socialist conference, scheduled for Stockholm in September.

Six hundred representatives of all classes of British labor were represented at a conference held today.

British labor will not be bound by any action the Stockholm conference may take, it was decided.

CAMPBELL IS PROBING BISBEE LABOR ROW

BISBEE, Ariz., Aug. 10.—Although Governor Campbell refuses to make known his attitude toward Attorney General Jones' statement that deportations of I. W. W. from here can only be stopped by a force of U. S. troops, his presence in Bisbee today as he conducts an investigation of his own, causes belief that he will soon take some definite action in regard to the labor situation here.

"I will remain in the Warren district until the officers of Cochise county promise to keep within the law, or the situation is otherwise cleared up in its entirety," said Campbell today. He refused to state whether he contemplated asking for federal troops or would declare martial law.

1 DEAD, 2 INJURED IN SAN JOSE BATTLE

SAN JOSE, Cal., Aug. 10.—Joseph Ysazaga of Hollister, is dead, and Policeman E. W. Woolford and T. J. Reed of San Jose are in a hospital recovering from injuries today, a result of a gun battle which followed Woolford's attempt to arrest Ysazaga and George Quackenbush. The two men were wanted for alleged burglary.

When Woolford found the men they accompanied him part way to the jail but Ysazaga suddenly drew a gun and opened fire, declaring he would go no further. The officer returned the fire, killing Ysazaga. Quackenbush was recaptured after a half hour's pistol duel.

UNIONS WIN IN WAR CAMP LABOR BATTLE

NEW YORK, Aug. 10.—The strike of carpenters at four army cantonments was settled today at a conference here between Rear Admiral F. R. Harris, chief of yards and docks; John Moffitt of the Department of Labor, and Henry Steers, contractor, of Pelham Park Marine cantonment. It had threatened to spread to all army camps.

Contractors agreed to employ only union carpenters to pay union wages and observe union hours. The carpenters accepted the proposition.

ARMY MEN HAVE MANY FAVORITES IN HYMNS

SAN FRANCISCO, Aug. 10.—"Near-er My God to Thee" is the favorite hymn of the men in army according to Richard R. Perkins, religious work director, National War Work Council of the Y. M. C. A. In the western department, and "Onward Christian Soldiers," he asserts is disliked by a great number of soldiers and is seldom successfully used in meetings. "Come Thou Almighty King," is second choice, and "Throw Out the Life Line" is third. Other favorite religious songs are "Keep the Lower Lights Burning," "Lead Kindly Light" and "Abide With Me."

T. R. FLAYS CERTAIN MEN AS COPPERHEADS

NEW YORK, Aug. 10.—Denouncing some senators, congressmen and editors as "standing where the copperheads stood in the Civil War," Colonel Roosevelt today urged the suppression of the German press, the deportation of "nifty-fifty Americans," and called upon every person in the country to exert every ounce of energy to win the war.

"I hope America will fight in this war until Germany is overthrown, even if all other nations abandon the struggle," said Roosevelt. "We are fighting to make the world safe for America."

PROBABLY 420 MEN TO BE CALLED ON SECOND LIST TO FILL QUOTA

The first of next week a new call will be issued by Orange County Exemption Board No. 1.

Probably that call will be for 420 men.

These men will be instructed to appear at the courthouse for physical examination, and from them will be taken whatever number of men will be necessary to complete the quota of 181 for this district.

As yet the local exemption board is unable to even estimate as to how many men will be furnished for the quota by the first call of 420 men; the examination of whom was finished on Wednesday of this week.

The mass of physical reports, claims and affidavits are being rapidly segregated, indexed and put into shape for the work of the board. When the lists are ready for the first review, the board can probably estimate within ten or fifteen men what number will be furnished.

One thing that has been keeping the local board somewhat in the dark is the fact that the official report blanks have not yet arrived, and the board is not entirely certain as to what shall be done with the men who failed to report.

There are a score or two men who failed to report. Most of them are aliens, it is true, but so far as instructions now appear everyone of those men must be listed on the quota and considered as deserters. Whether or not the local board has the right to go to a man's registration card and from it determine whether or not he is an alien is not quite clear under the present instructions.

Secretary Nau of the board stated today that relatives and friends of men who have moved away since registration day and who will be in the second call should notify him of the changes in address. The board has only the address given at the time of registration.

U. S. RED CROSS READY TO AID ALL WOUNDED

Yankees Injured In Battle Will Not Have to Be Sent Home For Treatment

BY J. W. PEGLER
(United Press Staff Correspondent)
AMERICAN FIELD HEADQUARTERS, Aug. 10.—The American Red Cross is ready to care for all wounded Sammies.

It will not be necessary to send them home for proper treatment after they are brought back from the firing line. The functions of the Red Cross were defined here today. It was decided that the American organization would be made responsible for care of the wounded outside the fighting zone.

A golden stream began flowing today straight from the American training camp to the French treasury. The marines have purchased \$6000 worth of 5 per cent bonds and have decided to buy a similar amount each month.

General Sibert has been endeavoring to find some way of inducing his men to save their money and it is probable this has solved the problem for him. There is keen rivalry between the army and the marines in the purchasing of bonds, spurring all of the men on to greater investments. One marine of German parentage subscribed \$400. Many kegs of gold coin are now in the expeditionary treasury. News of the investments of the Sammies spread among the French villagers today. They were astonished and demonstratively they let the Sammies know of their delight.

GIRL, 14, ACCUSES HER PARENTS AS SLAYERS

OAKLAND, Aug. 10.—Formal charges of murder were filed against Joseph Gleason and his wife today, as a result of 14-year-old Myriam Gleason, their daughter, telling the police that three years ago her parents smothered an infant born to them. The girl said she could no longer stand the treatment of her by Mrs. Gleason.

Both Gleason and his wife, the police say, tell conflicting stories of their child's death.

U. S. STEEL UNFILLED TONNAGE DECREASED

NEW YORK, Aug. 10.—The unfilled tonnage of the United States Steel Corporation decreased by 539,123 tons, the monthly report today showed. Unfilled orders on hand July 31 totaled 10,844,164 tons, compared with 11,383,287 tons on June 30.

PLOT TO GET CORNER ON TOMATOES HINTED

WASHINGTON, Aug. 10.—Evidence pointing to a conspiracy to corner the tomato output of the Pacific coast by the large packers of the country, was placed in the hands of the Federal Trade Commission today.

JOHN P. CUDAHY SEEKS TO BE U. S. OFFICER

SAN FRANCISCO, Aug. 10.—John P. Cudahy, Chicago packer, and son of the late Michael Cudahy, has applied for enlistment in the second officers' reserve corps to begin at the Presidio soon.

John Wesley Hancock, Optometrist, near P. O., holds record of highest grades ever made in California.

U. S. BLOCKS PATH OF PLOTTERS TO RUSSIA

Passports to New Republic From New York Limited By State Department

WASHINGTON, Aug. 10.—The State Department today started limiting passports to Russia, to block German agents going there from New York.

Learning from the Root mission that many New York Russians, well supplied with German money, are flocking into Russia, the passport division will demand that anyone wishing to go to Russia prove that his trip is vital. There will be a careful investigation of applicants' past history and his present purposes and if he cannot show that his trip is bona fide he will be flatly refused a permit to go.

Russia herself is aiding in this work. She has closed her frontier to travelers, cutting off hundreds of incoming immigrants, chiefly from the United States. Scandinavian port authorities are refusing to let such immigrants pass through their countries in any attempt to run the closed frontier.

'LOST' PRISONER AT YUBA CITY IS FOUND

YUBA CITY, Cal., Aug. 10.—F. McAllister, "lost" prisoner, is in the "found" column again today. He was arrested Sunday and jailed for petty larceny. But the Sutter county jail had not had any prisoners for six months and McAllister was promptly forgotten. The deputy sheriff started to sweep the jail yesterday and found McAllister in a cell, half starved.

21 ILLINOIS MINES CLOSED BY STRIKE

CHICAGO, Aug. 10.—Twenty-one Illinois mines will be closed today as a result of a strike of 9000 miners, according to announcement by a representative of the Illinois Coal Operators' Association. The mines affected have a combined output of 100,000 tons a day.

The official, who refused to allow his name to be used in connection with the announcement, said the men were striking for \$1 a day additional wages, "because of the unfounded publicity given alleged enormous profits of operators."

MEN ON RECRUITING DUTY LEAVE TODAY

With approximately twenty-five recruits having been secured by them for various branches of the service, Sergeant L. A. Riehl and Corporal M. C. Holmes, Company L, Seventh California Infantry, today departed from Santa Ana to rejoin their company, "somewhere in California."

The men were detailed to recruiting duty several weeks ago and opened offices at the Allerton. Before leaving today they again called attention to the fact that men of draft age who have not yet been ordered to appear for examination may still enlist in any branch of the service in which vacancies remain. Recruits still are wanted by Company L. Applications for enlistment must now be made in Los Angeles.

NEW BOND ISSUE OF BILLIONS TO BE ASKED BY PRESIDENT

Sweeping Food Control Bill Is Signed By Wilson This Afternoon

WASHINGTON, Aug. 10.—The senate today began its struggle with the \$2,000,000,000 war tax bill.

Its legislative course, which promises to be a rocky one, was beset immediately by a substitute measure, drawn by Senators Gore, La Follette and Thomas, Colorado, who would raise the entire revenue through incomes and excess profits taxes.

Senator Weeks proposes to equalize war profits taxes so that companies which before the war were not enjoying large profits will not have to pay as heavy a war tax now as those which made huge pre-war profits.

Certain wheat state senators will start a fight to tax cotton, in return for what they call virtual taxation of wheat in the food control bill. They would tax cotton on the ground that its use in shell manufacture makes it a munition of war.

Senator Hollis, New Hampshire, thinks the bill unfair to the workers in the New England manufacturing zone and will seek to amend it.

Senator Lewis, Illinois, will introduce an amendment for taxation of unimproved land.

"I'd force owners of such lands either to plant it, and thus increase the food supply, or to pay a tax double the amount they pay the state in which the land lies," said Senator Lewis.

Other senators will seek to increase the second class mail rate and to cut from the bill the increase of a cent an ounce on first class mail.

WASHINGTON, Aug. 10.—Among governmental developments today, two were of major importance. The first was the signing of the sweeping food control bill by President Wilson this afternoon.

The second was the fact that, following a conference between Secretary of the Treasury McAdoo and House leaders, it was learned President Wilson will ask for an additional bond issue, running into the billions, at this session of Congress.

American first aid to Russia as a result of the Root mission visit is limitation of passports to Russians in New York, who would go to Russia to spend German money and put out propaganda. Hereafter an applicant must show that his purposes in going to Russia are pure.

The Russian mission's recommendations do not contemplate dispatch of American troops to Russia, and the government has no present intention of sending any there. Russia has plenty of soldier material and the mission is not convinced that the psychological effect would be such as to warrant sending Sammies.

With this fact disposed of, the army continued its task of gathering Sammie material. Provost Marshal General Crowder has ruled that exemption claims must be cut down and by way of discouraging the present flood, has warned exemption boards that they must let none escape unless the dependency of their kin is very pressing.

The Federal Trade Commission is hurrying its report on steel prices in view of the Bethlehem Steel Company's refusal to sell steel rails for France at War Department rates. The whole steel situation is tangled up until this report comes out.

The \$2,000,000,000 revenue bill comes up in the Senate today with prospects of a hard fight against it.

SOUTHLAND ATHLETES FLOCK TO ARTILLERY

LOS ANGELES, Aug. 10.—The amateur athletic talent of Southern California will be somewhat depleted tomorrow when the two local batteries of the Second California Artillery leave for training quarters at Tanforan. Lawrence Cowing, state champion, represents the golfers, six members of the University of Redlands football team enlisted in a body, while W. G. Devereaux and Courtney Ford are poloists of note. Other athletes enlisted are: N. H. Williams, athletic manager, L. A. A. C.; A. J. Keeney and W. E. Smith, handball players; Les Mead, U. S. C. football leader; Wilford Butler, ex-American league.

SECRET SERVICE MAN SUICIDE IN MONTANA

BILLINGS, Mont., Aug. 10.—Carl Herman Budde, ostensibly a life insurance agent, but believed to be an operative of the War Department Intelligence bureau, was found dead here today with a bullet through his heart. His alleged connection with the War Department was revealed through papers in his pocket. He is believed to have committed suicide because of a love affair.

Soldier Insurance Bill Is Presented In Senate, House

BY GEORGE MARTIN, UNITED PRESS STAFF CORRESPONDENT

WASHINGTON, Aug. 10.—Bearing the President's stamp of approval and Secretary McAdoo's plea that it be made law, in justice to America's fighting men and their families, the long expected war compensation, indemnity and insurance bill was introduced in both houses of Congress today.

It represents America's first attempt to be forthcoming in providing for those whose homes are wrecked by war.

Its outstanding feature is organization of insurance for every fighting man and nurse at \$8 a year per \$1000 worth, up to \$10,000.

Drafted by international experts under Secretary McAdoo's direction, the proposed law is a substitute for the Civil War pension system.

To Cost \$556,000,000
It will cost the government \$556,000,000 the first two years, distributed thus:

Family allowance—First year, \$141,000,000; second year, \$190,000,000.

Death indemnities—First year, \$3,700,000; second year, \$22,000,000.

Compensation for total disability—First year, \$5,250,000; second year, \$35,000,000.

Compensation for partial disability—First year, \$3,200,000; second year, \$21,000,000.

Insurance against death and disability—First year, \$23,000,000; second year, \$112,500,000.

Total—First year, \$176,150,000; second year, \$380,500,000.

The \$10,000 worth of insurance for \$80 a year as compared with standard rates of about \$302 a year for \$10,000 for a man of 27, is possible because the Government doesn't require high priced salesmen, advertising and offices.

Kin Get Part of Pay
The bill provides for the assignment of part of each man's pay to his family, for a separation allowance to be paid by the Government, for a graduated scale of payments for total or partial disability, for a death indemnity and for the insurance.

If a man fails to make application for insurance on the \$7 to \$8 per \$1000 plan and is killed, the Government presumes him to have made application for a \$5000 policy and pays his widow or his estate that amount.

For separation support of dependents the bill provides that \$15 of the enlisted man's \$33 a month goes to his wife. The Government, if there are two children, gives the wife \$32.50 a month in addition to that, making the minimum income \$47.50. Five dollars additional is allotted for each additional child. The father may give more than \$15 from his pay if he wishes.

ARMY OFFICERS' INSIGNIA IS EXPLAINED

WASHINGTON, Aug. 10.—Have you wondered what those little bars of vari-colored ribbons mean on American army officers' breasts?

Evidently some of you do because hundreds of letters asking about them are pouring into the War Department from all over the country every day. Here's the answer:

These strips, each 1 3/8 inches long, are symbols standing for the badges and medals the man is entitled to wear if he wants to weight himself down.

There are ten of these insignia recognized by the War Department; two medals of honor, one a certificate of merit and the other badges showing the wearer took part in one of Uncle Sam's historic military campaigns.

The Congressional Medal of Honor consists of white stars on a field of light blue silk. It is awarded only by Congress and is the most coveted of all. It represents gallantry in action. The Certificate of Merit badge is two red, white and blue bands separated by a thin band of white, the blue being outermost. This honor is conferred by the President.

The Philippines Congressional Medal has a blue band in the center flanked by stripes of red, white and blue, the blue being outermost. It is worn by men who stayed in the Spanish-American war to put down the Philippine insurrection.

The Civil War Badge is equal sized bands of blue and gray.

Indian wars: Bright red with narrow edges of deeper red.

Spanish campaign: Alternating stripes of yellow and white.

Philippine campaign: Blue band in center flanked by narrower bands of red, blue edges.

Cuban occupation: Blue in center flanked by narrow yellow stripes, then broader red stripes and blue borders.

May Compel Deposits

If the man's father or his mother is also dependent and he gives \$5 a month of his pay for that, the Government gives \$10. Thus a private with a wife, three children and a mother dependent, can, by allotting \$20 of his \$33, get \$27.50 from the Government, making \$67.50 for his dependents. The bill provides that a man without dependents or who does not allot half of his pay, may be compelled by the Government to deposit up to half his pay with the Government at 4 per cent interest, compounded semi-annually.

If total disability results from injury or disease, compensation runs from a minimum of \$40 to a maximum of \$75 a month for enlisted men and up to \$200 a month for higher officers.

An officer can not receive this disability allowance if he receives retirement pay.

Benefits for Disabled

If a man loses both legs and both arms in battle, he would receive \$40 a month; or if he needed a nurse, \$20 more. If he had a dependent mother he would get \$10 more. If he later married he would get \$15 more and for each of the first two children by the marriage, \$10 more, or \$105. He would be fitted with artificial arms and legs. If he wanted to start a store he could collect a \$1000 advance on his compensation, to be paid back at the rate of \$20 a month.

If a man dies, his funeral expenses not to exceed \$100 will be paid if he leaves his wife, two children and his mother, they get \$60 a month in addition to the \$5000 or \$10,000 insurance he may carry at \$8 on \$1000. Under the old pension system this family would receive only \$16 to \$24 a month.

Automatic

Of the \$60 on the death of his mother \$10 a month would be cut off. If the wife re-married she would get the \$50 a month for two years, when it would drop to \$25 until the first child was 18, and thereafter to \$15, being stopped altogether when the second child was 18. This holds good whether the man died during the war or after he is out of it, if the wounds were suffered in America's service.

After he leaves the service he can retain his \$8 per \$1000 insurance at the rate and change it into a policy maturing earlier than the regular war policy—that is, before death.

All soldiers' insurance is non-assignable and free from the claims of creditors of the insured or the beneficiary. The object of this clause is to forestall any future attempts at pension legislation.

Cuban pacification: Broad olive drab center flanked by three narrow stripes of red, white and blue, the red outermost.

Chinese campaign on the march to Peking: Broad band of yellow with narrow borders of blue.

Ribbons for gallantry in action are worn farthest to the left, followed by campaign ribbons in chronological order.

SMELTER WORKERS AT ANACONDA MAY STRIKE

BUTTE, Mont., Aug. 10.—Employees of the Washoe smelter at Anaconda, which produces a fifth of the country's copper ore, probably will vote to strike when a referendum is taken Monday on the question of accepting the wage scale offered by the Anaconda Copper Mining Company, according to labor leaders here today.

Many Austrians are employed in the smelter and it is declared that friends of Frank Little have influenced the smeltermen in favor of a strike.

Approval of the action of Congresswoman Jeanette Rankin in attacking the "rustling card" system and also for her attack in Congress upon John D. Ryan, president of the Anaconda company, was voiced unanimously by miners and smeltermen here.

BULLETINS

MOBILIZATION DELAYED

WASHINGTON, Aug. 10.—Provost Marshal General Crowder today announced that the date of the mobilization of the first of the national army would be postponed from September 1, probably to the 4th.

SANTA FE BOOSTS WAGES
CHICAGO, Aug. 10.—Employees of the Santa Fe railroad were today granted from an 11 to a 15 per cent wage increase, effective September 1. This affects 18,000 people.

BIG FOREST FIRE RAGES

FRESNO, Aug. 10.—The Three Rivers and Mt. Whitney power plants, supplying Los Angeles, are threatened by a serious forest fire, which also is threatening the famous Sequoia National Park.

1400 SLAVS CAPTURED IN 2 DAYS AT ORTIZ

Muscovite Lines Are Pierced By Kaiser's Armies Near Czernowitz

BERLIN, Aug. 10.—It was today announced that the Germans have captured "some lines of French trenches" on a mile front north of St. Quentin. Fourteen hundred Russians were captured in two days in the Ortiz sector.

Southeast of Czernowitz the Russian lines were penetrated at several points and positions between Trotus and Putna stormed.

LONDON, Aug. 10.—Renewed advances by the British and French forces in Flanders, including completion of the capture of Westhoek, was reported by Field Marshal Haig today. The British attack was made early this morning.

In addition to gaining complete control of Westhoek, additional positions on the Westhoek ridge were taken.

"East of Ypres," said the official statement, "a successful local attack early this morning completed the capture of Westhoek and secured the remaining positions on Westhoek ridge. "East and north of Rixheotte, the French continued to progress."

Violent German attacks between Pantheon and Epine-de-Chavignny were reported as repulsed by the French while the French progressed, taking several farms.

ALL BRITISH BLOWS ARE CRUSHED, BERLIN CLAIM

BERLIN, Aug. 10.—All British attacks have been repulsed, the war office today announced. The British attempted to make an advance from Monchy-Peeve to the Arras-Cambrai roads but suffered heavily.

S. A. MEN OFFICERS AT AMERICAN LAKE

Attorney E. T. Worthy has been ordered to appear at the training camp at American Lake, Washington, September 1.

Worthy has returned from the officers' reserve training camp at San Francisco. He is spending a furlough in the interim between the closing of the camp and the opening of the training camps, with his parents.

"I received my commission as first lieutenant before going to the training camp," said Worthy today. "The government has not yet notified me as to my rank when I am placed in active service. I may be given a lower rank or a higher one, at the discretion of my superior officers. I do know definitely, however, that I am to go to American Lake Sept. 1."

Attorney Maurice Enderle, another Santa Ana man who was in the training camp at San Francisco has also received orders to report at American Lake September 1, according to Worthy.

Howard Hankey of this city is at home from the camp also. Hankey has been discharged for the present at least, and will resume his work as instructor at the State University at Berkeley when the Fall term opens in another week.

Worthy reports that about 125 men from the officers' training camp have been placed in active service in the regular army. One hundred and twenty-five more have taken up work with the aviation corps. They are taking the regular course of training for this department at the present time, and will later be used as officers in this department. About 100 of the men have gone into the quartermasters division of the active service.

THEORY THAT TEACHER WAS DROWNED GAINING

SAN PEDRO, Cal., Aug. 10.—Belief that Edward H. Inslee, instructor in navigation and mathematics at the local high school, was drowned while bathing Wednesday is strengthened, following unsuccessful search and inquiry for the missing man. The police are dragging different slips in the harbor today.

PETTY DECLARES BELIEVES NO PRO-GERMAN CHRISTIAN

New York Pastor in Address Declares Anti-war Agitators Are Not Following Steps Of the Master

Declaring that he believed no man who was a pro-German and an anti-war agitator could be a Christian, A. Ray Petty thrilled a large audience last night with a master address at the flag-raising exercises held on the steps of the United Presbyterian church.

The sidewalk in front of the church was crowded with people, and automobiles were parked thickly in the street opposite the building, when the exercises began at 7 o'clock.

Preliminary to the address of the evening the choir of the congregation rendered stirring patriotic music. Miss Lilla Ritzer sang the verses to the Star Spangled Banner, the crowd joining in the chorus. As the congregation swung into the stirring words of the chorus for the last time, J. P. Thompson, a member of the G. A. R. and one of the earliest members of the local church, pulled the new flag into place. The ceremony was the signal for an outburst of applause.

"Your Flag and My Flag," by Wilbur D. Nesbit, was read by Miss Fay Penn, following which Little Miss Evelyn Sherrill sang a pleasing flag song.

Rev. Petty's address was full of enthusiasm and patriotism, and brought vividly before his hearers the place that the church today holds in the great war struggle. That this war is a Christian crusade, as important in the ultimate welfare of the nations of the world as any crusade of history, is the opinion of the speaker.

Petty stated that the Master of Men has said that "whoever you have done to one of these My brethren, even the least, you have done unto Me," and that the only Christian we can lose our lives for today is our brother man. In entering this war we are serving Christ, he added.

Petty's address in part follows: "There is no incongruity or sacrifice in raising the flag over the church of Christ in America today. It would be a sacrifice to raise a flag over the church in some of the countries of Europe today, because the church has stood with the government, and the

PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

government has attempted to wrest from the people all that the church has stood for.

"We are fighting this war, not to gain territory, not for personal aggrandizement, but to make the world a safe place in which to live.

War a Christian Crusade
"I believe this war is in reality a Christian crusade. The only Christ that we can lose our lives for today is our brother man and in entering this war we are serving Christ. America is going all the way to Calvary in this war. And in the trenches there will be some of the same type of sacrifice as took place on the brow of the skull-shaped hill 2000 years ago.

"The flag we raise here tonight symbolizes the hopes, the aspirations, and the determinations of one hundred million people. It stands as the representative of our past greatness. Americans have the proud distinction of looking back upon a history in which there has never been any selfishness. America has never refused to suffer vicariously for humanity.

America in War to Stay
"As our flag flies over the trenches of Europe tonight it says to the allies, 'America is in this war to stay until the world is again a safe place to live in. Americans are behind this war; they believe in the right of it. The men who fight and the men who stay at home to make the fighting possible, do not know how to retreat.' There are some I. W. W.'s, some pro-Germans, some cowards, who are not behind this government, but they are men without a program, and in such a small minority that they do not count.

"Our flag as it flies over the trenches of Europe tonight will say to the German people that the reign of frightfulness and terror must cease, and that America is in this war until it does cease, though it costs us priceless life and untold treasure. It says to the German people that we are no longer willing to stand aside and witness such cruelty as is written in the history of Belgium, of Serbia, of Armenia, of Poland, and the murder of innocent mothers and babies on the high seas in neutral ships; firing upon Red Cross ships, and all the other horrible crimes that have made German history for the past three years the blackest history the world has ever known.

At War With German People
"We are at war with the German people; not the German people we knew three years ago, but the German people of today who are made with the rabies of Imperialism. The Stars and Stripes serve notice on Germany that the reign of terror must stop.

"Our flag as it floats from this church tonight calls us to new ideals of government that we stand for as a nation. It calls to new devotion to those ideals of our forefathers. The United States still has the spirit of 1776.

"Not all America is fully aroused, but thank God, America is awakening. And in the days ahead we shall not refuse to drink to the dregs the cup of suffering and sacrifice in order to restore to the world those rights which Jesus taught were the common rights of man.

"We honor the flag as it floats here tonight for the past it commemorates, we cherish it for our present resolve, which it symbolizes, but in the days which are ahead will be born a new love, for the parent of love is sacrifice, and only as we sacrifice for it can we truly love it."

FRENCH AIRFIGHTER PHOTOGRAPHS VICTIMS

PARIS, July 25.—(By Mail.)—Probably the most marvelous collection of war aviation photographs in the world are in possession of Captain Guynemer, the noted French flying champion, who takes a photograph every time he shoots at a Boche airman.

Attached to the French flyer's machine gun is a camera—a repeating camera. A pull of the trigger on the gun operates the picture machine.

The novel idea for procuring war pictures is believed to be Guynemer's own. But it has proved such a great success that every fighting machine in the Lafayette Escadrille will be likewise equipped. The photos will undoubtedly some day make their appearance in America.

ORANGE, Aug. 9.—If there is a more energetic club than the Modern Priscillas in Villa Park, they are yet to be found. After an outing over Saturday and Sunday at Nigger Canyon, the ladies rested and were ready for the regular weekly meeting Wednesday, with Mrs. Madge Hughes at the home of Mrs. E. H. Adams, her mother.

The attendance was not as large as usual, for there is so much fruit to can at present, eight members only answering roll call. They discussed their outing and again enjoyed in thought and talk the happenings on the occasion. Fancy work engaged the fingers, while the minds were centered on the good time. The next meeting will be held with Mrs. Handy next Wednesday. The ladies who were present were the Misses Margaret Holditch, Elsie Wulf, and the Messdames Charles Wallace, John Holditch, R. W. Hull, Carl Durnbaugh, Walter Adams, Madge Hughes and two club visitors, Mrs. A. F. Adams and Mrs. E. H. Adams.

Miss Ruby Campbell, who leaves in a short time for Berkeley, where she attends college, was the guest of honor yesterday at an informal party given by Mrs. Walter Kogler. Giving the party a patriotic air was the red, white and blue motif, tiny flags being used in every available place. Fancy work occupied the time, music being the diversion. Mrs. Kogler served her guests with light refreshments.

The guests were the honoree, Miss Ruby Campbell, the Misses Vera Johnson and Louise Davis, of Mesa, Arizona; Mrs. Earl Johnson, Mrs. Arch Burkett and Miss Marjorie Ainsworth.

An impromptu dancing party occurred Tuesday evening when several young married couples of Orange drove to Balboa to pass the evening in this pleasant manner.

The company was composed of the Messrs. and Mesdames Darwin Tate, L. P. Damewood and little daughter, W. F. Kogler, F. W. Parsons, C. F. Newton, E. C. Drumm, J. F. Craemer, Mrs. W. A. Knuth and daughter, and the Misses Delah Hahn and Gertrude Stott, the latter the house guest of Mrs. C. F. Newton.

Miss Flossie Bathgate of Villa Park was hostess at a slumber party last night. Her guests were Misses Anna Adams, Nellie Adams, Gladys Newton, Estel Urschel, Ward, Anne Urschel, Vida Schiepply and Ruth Leech.

The party was in the nature of a farewell as Miss Bathgate leaves tomorrow for Berkeley where she will attend school.

Friends of Miss Jean Davis, who for three years was sixth grade teacher in Classical street school, have received the announcement of her marriage to Mr. Herman John Hasse, in Los Angeles, Thursday, August 2.

Mrs. Mary Stott and daughter, Miss Gertrude Stott, who have been the guests for several days of Mrs. C. F. Newton and Mrs. Elizabeth Brann, left last night for Los Angeles, where they will remain for a time before returning to their home in San Diego. Mrs. Brann accompanied them to Los Angeles.

Mr. and Mrs. F. C. Drumm and son, Marion, and Mr. and Mrs. D. W. Tate are passing two weeks in Newport. Master Marion, who is a Saturday Evening Post merchant, accompanied by his father, came up today to serve his regular patrons, but returned this afternoon.

Guy Ford, Jay Harbour, Roy Ford, Earl Pine and Leon Shadel have postponed a hunting trip they had planned because they found that the South Fork of the Kern river where they had planned to go was a federal reserve.

Mr. and Mrs. Bert L. Tene and Mr.

and Mrs. H. L. Dillingham have taken a cottage at Balboa for a week, going down yesterday. Mr. Dillingham and Mr. Tene attending to business in Orange each day, passing the night at the resort.

Miss Vera Johnson, who has been the house guest of Mrs. Earl Johnson, is spending a few days at Long Beach. She will return to Orange and visit Mrs. Johnson again before she leaves for her home in Mesa, Ariz.

Stevie Law of Banning is visiting with his uncle and aunt, Mr. and Mrs. C. W. Meadows, and with Arthur Dittmer.

Leon Shadel, who has been assisting at Pixley's furniture store for the past week, returned to his home in Ethanae today.

T. J. Youngs of West Palmyra went to Huntington Beach today to attend the encampment of the G. A. R. He will remain there until over Sunday.

Walter Honey returned to San Francisco yesterday after visiting for a week with his parents, Mr. and Mrs. F. Honey, of McPherson.

John Harms, Jr., has very successfully passed an examination of the California State Board of Pharmacy for licensed pharmacist.

Mr. and Mrs. A. E. Lees left today for Los Angeles, where they will make their future home in the Spier apartments, 916 Georgia street. Mr. Lees is connected with the Goodrich Tire Company and has been its representative in Orange county for the past two months.

Miss Flossie Bathgate will leave tomorrow for Berkeley, where she will enter upon her college course. Miss Bathgate was one of the popular members of the class of '17, and won honors on several occasions during her high school course as a reader.

Miss Mabel Northcross of Garden Grove is spending a few days with Miss Edna Hitchcock at the home of Mr. and Mrs. R. W. Miller.

Lew Seelye of Hemet, who has been visiting his sister, Mrs. J. J. Collins, for several days, returned home yesterday.

Raymond Collins returned home Tuesday from Hemet, where he has spent the last six weeks visiting relatives.

Mrs. William Bathgate of Villa Park has returned from a visit in Capistrano with her daughter, Mrs. Guy Williams.

Miss Ward, who has been attending a summer session in U. S. C., has returned to the home of Mrs. Ryan in Villa Park.

G. L. Jackson and H. S. Warner were fishing at Newport Beach early this morning.

Mr. and Mrs. J. T. Bennison and Mrs. E. R. Riley of Los Angeles visited friends in Orange yesterday.

Miss Edna Hitchcock of Los Angeles is visiting her uncle and aunt, Mr. and Mrs. R. W. Miller.

Mr. and Mrs. John L. Wheeler were among today's Los Angeles visitors.

CHANGES MADE IN DALE-VINCENT FIRM

H. H. Dale today sold his stock in the Dale-Vincent Manufacturing Company to R. E. Vincent and purchased the automobile body making machinery at the company's well casing plant, located at First street and the Santa Fe tracks, and plans to move it in a few days to 426 West Fourth street, the premises which formerly housed the Cole garage. The sheet metal department of the D. A. Dale hardware business also has been purchased by H. H. Dale and this branch of the business will continue to be conducted at its present location, 423 West Fourth. Fenders, tops, upholstery and general automobile body work will be done at the West Fourth street location. Vincent will continue in the well casing business at the East First street plant.

KAISER FILLING FIGHTING RANKS WITH YOUTHS

BY HENRY WOOD
(United Press Staff Correspondent)
WITH THE FRENCH ARMIES,
July 25 (By mail).—Germany's last untouched resources of men have now been completely exhausted.

To fill up the constant losses in her fighting ranks, amounting to hundreds of thousands monthly, only two sources remain from which she can draw her boy soldiers of the classes of 1918, 1919, all called to the colors from one to two years before their regular military age, and the wounded soldiers who are able to return to the front from the hospitals. This latter category furnishes Germany an average of 50,000 men per month.

These facts are established beyond all doubt by authoritative information from various confidential sources.

With the older classes, called to the colors with the outbreak of the war, now largely wiped out, Germany is making terrible inroads on her boy classes prematurely called to the front since August, 1914. These youths are being used to fill up the ranks of the infantry, where young, vigorous and enthusiastic soldiers are indispensable for the launching of attacks. It is here that the greatest losses also occur.

The German infantry at the present time consists of close to 40 per cent of the young classes of 1915 to 1919. The classes of 1915 and 1916, both of which are rapidly dwindling, furnish 15 per cent of the infantry in the fighting lines. The class of 1917 which is now entirely under the colors furnished another 12 to 15 per cent, while the class of 1918, which is now arriving on the front in large numbers furnishes another 5 to 10 per cent. The remainder of this class which is still in the depots constitutes practically the only reserves which Germany has left.

To meet this emergency, the class of 1919 is now under instruction while the class of 1920 has already been examined for conscription.

The military age in Germany is 20 years. In the case of the class of 1915, it was not called to the colors until April of that year or at the age, theoretically, of 20 years and four months. The class of 1916 was called to the colors at the age of 19 years and 8½ months; the class of 1917 called at 19 years 2 months; the class of 1918 at 18 years, 10½ months, and the class of 1919 at 18 years and six months. The class of 1920, although already examined, has not yet been summoned.

The pressure under which Germany has been forced to employ these boy soldiers is also indicated by their periods of instruction. The class of 1915 was thrown into the battlefield with only two or three months of instruction, but with such terrible losses, caused by this inexperience, that even Germany was forced to recognize that it was the costliest economy.

The classes of 1916 and 1917 were given an instruction ranging from nine to ten months. While this gave better results, yet by the time the class of 1918 was called to the colors, Germany was again in such straits for men that the boys of this class were brought onto the front again with only three months of instruction.

The accuracy of the above figures is confirmed in every capture of prisoners large enough to make a basis of comparison.

WARN NATION OF U-MENACE, SAYS U. S. OFFICER

BY J. W. PEGLER
(United Press Staff Correspondent)
WITH THE AMERICAN DESTROYER FLOTILLA IN BRITISH WATERS, July 10 (By mail).—Take off the lid and show the people back home what a fierce fight we're up against.

Thus a highly-placed American naval officer, attached to the command of this destroyer squadron, endeavored to say something about a grave situation, without being able to say anything definite. The officers tell plenty—in confidence. The correspondents attached to the American destroyers know that ships have been destroyed by the U-boats in far greater tonnage than at present they can be produced. They know also, something of the methods by which our destroyers are fighting the unseen menace and of the handicaps which are hampering the fight—handicaps which give the Germans the advantage and which the Americans back home could remove in a few months. But the naval officer couldn't tell what he knew, for publication. And the correspondents are on their honor to submit all their work to the censorship.

"It would help the enemy if we should tell our people of the whole submarine situation, with its bearing on the land campaigns, might be of considerable practical value to him. Perhaps it would also stimulate his sinking morale for a time—that depends on whether he is expecting a

great deal or little from his submarine fight.

"But I seriously question whether it would not eventually help us to win this fight. If the people could only know, they wouldn't for a minute hold back the support we need."

Though the censorship, with its evil tendency to shut the people's eyes to the peril, be maintained, the officer said, ours need not become a losing fight. Under present conditions, he advised, the people back home can give best aid by backing the war program of the Army and Navy departments without question, however grotesque they may seem.

"Just now there are a hundred important facts which would illuminate the public mind," he concluded. "As long as civilians can't know these things the best they can do is to trust the departments that really do know, to make the right decisions."

PARIS FOOD AND FUEL OUTLOOK ENCOURAGING

PARIS, July 25 (By mail).—France has abandoned her proposed civil mobilization.

The new move is taken to mean in many quarters that the Ribot government has the war situation so well in hand that it will not be necessary to draft French citizens between the ages of 16 and 60 for war work. War work will remain voluntary in France.

The dark economic cloud accompanied by sinister rumors of a bad winter to come following the fuel shortage of 1916-17 has also been shunted to an inconspicuous place on the horizon. Paris has the word of the Prefect of the Department of the Seine that the great metropolis will not feel the pinch of either hunger or cold during the coming winter. This official announces that the coal supply is assured and that food supplies will be plentiful. The conditions which caused Parisians to stand in line before food emporiums and coal yards will be forestalled he declares and thereby emphasizing that France is suffering no great amount of worry over the ravages of German submarines.

Another piece of good news emanates today from the Ministry of Commerce to the effect that Parisians will soon be supplied with "National Footgear" and "National Cloth" for clothing. This promises to be a real boon for modest purses as shoe leather has finally availed to prohibitive prices. The average price for re-solving a pair of shoes is now ten francs—about \$2—which is more than double pre-war tax. Men pay about \$10 for a good pair of shoes and ladies must pay about \$15 if they want the mode.

The French national shoe will cost about 25 francs or \$5, wear and comfort will be guaranteed but style will not. It will be the national style. Fancy footgear will, however, continue on sale for those who want to pay the price.

The "National Cloth" will be guaranteed by the government of good quality in various shades at a nominal price. There will also probably be some check on greedy tailors who will attempt to charge too much for tailoring the national product.

FRENCH BATTLE FRONT TO BE SHOWN BY C. OF C.

Arrangements Made to Show Authentic Pictures For Benefit of Vol. Service

Arrangements were completed this morning by Secretary Metzgar of the Chamber of Commerce for the showing of films of the French battle front at Clune's Theater next Wednesday evening, August 15.

The pictures to be shown here are authentic army pictures, the only pictures bearing the stamp of approval of the French War Department. They are the property of the French government and were prepared especially under direction of the army officers.

These pictures are being shown in this country by the American Volunteer Field Service, a department of transport and ambulance service. The pictures are to be shown here for a straight rate of 25 cents admission and this money can go only for this purpose. The films are not permitted to be shown for profit any place in the United States.

The American Field Service is the department of the army service which furnishes volunteer ambulance drivers and transportation men. These men, when selected, are directly under the command of General Pershing, reporting to him when they arrive in France.

It is the purpose of the government in showing these films to raise money for the transportation of these volunteers to France, and to create an interest in this department which will bring about enlistments of men anxious to get into this sort of service.

Secretary Metzgar completed arrangements this morning through W. N. Reagan, in charge of the Pacific Coast Headquarters of this department, in Los Angeles. Clune's Theater has been donated for the evening, the only charge being to cover the expenses of the operation of the house.

These films have already been shown in Long Beach, Hollywood, Los Angeles, and Pasadena, in each of which places they have been instrumental in raising a large amount of money, not only in the receipts from the pictures themselves, but also by personal donations secured through the interest created, according to Field Representative McKay who called at the Chamber of Commerce yesterday in the interests of the picture.

LEMON PRICES STILL GOING UP TOWARD SKY

LOS ANGELES, Aug. 10.—Lemon prices continue to soar and a new record was established for this period of the season yesterday when the quotation for packed stock jumped to \$7 and \$7.50 per box and loose lemons were moved up to \$6.50 a box. Demand from the East and Middle West for California lemons is the heaviest in recent years and, of course, this has had a bearish effect on values. Dealers also report a good call for oranges but prices for that popular fruit have not advanced this summer over those of normal seasons.

SOON TO KNOW IF REFERENDUM CAN BLOCK IT

Supreme Court to Pass on Attempt to Put Tax Limit Law to a Vote

By the end of this month the supreme court will decide whether or not the tax limit law is subject to referendum. The matter is to be taken up before that court on August 27, and an early decision is sought.

The act was passed by the last legislature. Under it a board of authorization is to be established. All taxing bodies are limited to the amount of money they can raise. That limit is five per cent in addition to the amount raised the year previous.

The law was fought by school authorities, led by Mark Keppel of Los Angeles, county school superintendent. Locally it was fought by D. K. Hammond, principal of the Santa Ana High School, F. L. Andrews, secretary of the Santa Ana Board of Education, and County Superintendent Mitchell. Since the referendum petitions have been filed, the attorney general has ruled that the law allows school taxes to be considered entirely separate from the county budget.

The attorney general ruled that the tax limit law was not subject to referendum, because the state constitutional amendment providing for a referendum specifically states that the operation of collecting taxes cannot be interfered with by referendum. The secretary of state has taken the same view, as is shown by the following dispatch from Sacramento:

SAN FRANCISCO, Aug. 9.—A mandate directing Secretary of State Frank Jordan to allow the printing of referendum petitions asking that the county tax revision law as passed by the last legislature be placed on the ballot, was made returnable on Monday, August 27, by the State Supreme Court today. The principals are directed to make a showing before the court on that date.

The petition on which the writ was issued declared that the referendum petition should be regularly printed, and the law submitted to a vote of the people. Jordan declared that laws of the nature cited are not subject to referendum.

TEUTONS STARVE LORRAINE AND ALSACE, CLAIM

BY HENRY WOOD

(United Press Staff Correspondent)

WITH THE FRENCH ARMIES, July 26.—(By Mail).—Alsace and Lorraine are being milked dry by the Germans while they still have the opportunity to do so, according to authoritative information that has just reached France by way of Switzerland.

So clean is the final sweep now being made by the Germans both of everything eatable and usable, that the condition of the civil population, despite the fact that Alsace and Lorraine still rank as German provinces, is little if any better than that of the inhabitants of invaded Belgium.

All metals that could be used in the manufacture of war materials was long ago taken by the Germans including the church and school bells, organ pipes, door knobs, stills and cooking utensils. Amongst the latest things requisitioned were the famous bells of the Strasbourg Cathedral which were hung in 1805 to replace the historic bells destroyed during the revolution.

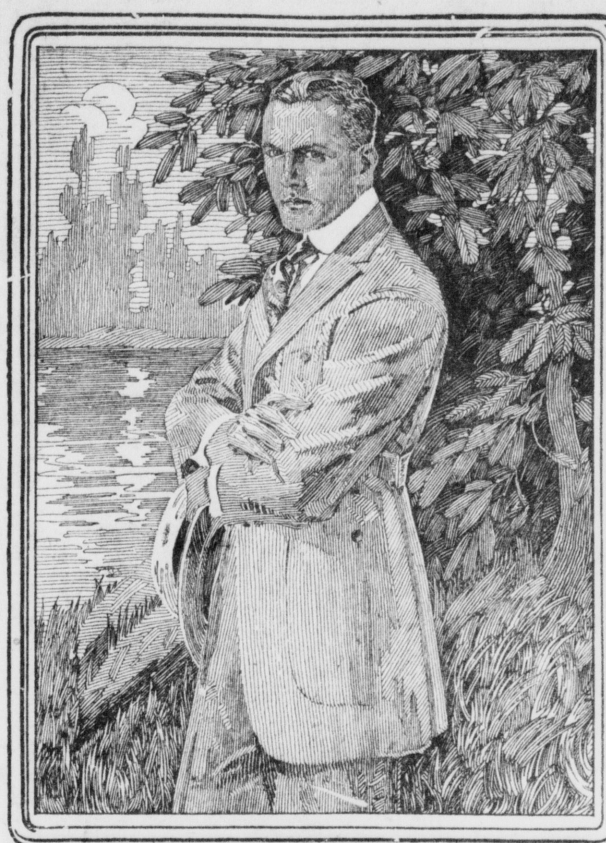

Food restrictions and food requisitions are now being imposed. Not only are the Germans requisitioning all livestock, but the inhabitants of Alsace and Lorraine are under military orders, with military penalties attached, not to kill a single food animal.

Requisition is also being made of smoked meats, dried fruits, potatoes, vegetables, wheat and flour.

The restrictions have reached a point where the farmers are no longer allowed either to milk their own cows or collect the eggs laid by their own hens. All this is done by the German soldiers in order that every particle of food may be controlled and may go to the German authorities. As the farmers no longer have the use of their own milk, butter is no longer to be found. Oil and coffee are also no longer obtainable.

These conditions coupled with the liquidation by the Germans of all properties owned entirely or in part by French capital and French people have reduced the position of the civil population to one of half starved and abject misery.

The number of motor cars in California will probably pass the 200,000 mark in 1917.

No Surrender—No Retreat We Stand for All-Wool

THERE are 19,000,000 sheep less in the world today than ten years ago. And 120,000,000 pounds less of raw wool. On the other hand, the consumption of wool, due to the European war, has enormously increased. Decreased supply! Increased demand! It means more part-cotton clothing and less all-wool.

Yet the makers of Kuppenheimer and Styleplus Clothes in the face of tremendous pressure, are adhering absolutely to their all-wool policy. No retreat. No equivocation. All-wool—100 percent and no compromise.

Get all-wool clothes for the same price you would pay for part cotton. You will find a large stock here to select from at \$15, \$17, \$20, \$25 up to \$30.

Need Among Children

The city playgrounds maintained at Lincoln and high schools have proven a great success and have filled a great need here. Since the grounds were opened for the use of the children, 180 have visited, Lincoln and 208 at high school. The average attendance was forty-five a day.

Many of the children went to the grounds every day from homes where the mothers were working. No accidents were recorded and the spirit of the playgrounds is fine. The committee in charge is highly elated.

The Lincoln grounds will be closed August 15 as the director, Miss Isabel Anderson, will have to leave for Berkeley to enter the university there, and it is not deemed wise to elect another to take charge for so short a time.

All the children will be taken care of at the high school grounds where Mrs. Grace Allen has been in charge since August 1. The grounds will be kept open indefinitely.

Next Tuesday will be visitors' day and the public is invited to visit the grounds from 2 to 5:30 p. m.

Enjoy Music and Chat

Miss Elsie Fluor was hostess last evening at her pretty home on North Rose to the Onova Club, of which she is a member. Pink and white were the prevailing color tones.

The time was passed with music and jolly chat and Miss Fluor served dainty refreshments before her guests departed.

Next Thursday the girls will go to Balboa to pass a week's outing together.

Those participating in the evening's pleasures were Misses Elsie Williams, Emma Douglass, Hazel Craemer and Nora Lykke.

FOR FIRST GRADUATE

Nurses at Santa Ana Hospital
Honor Mrs. Wyatt, Alum-
nae of Association

Honoring Mrs. Bernard L. Wyatt, the first graduate from the Santa Ana Hospital Training school in 1904 and the only one in the class, the nurses gathered yesterday at the cosy nurses' home on the hospital grounds, where Miss Katherine Rutherford, assisted by Miss Grace Johnson and Irene Miller, were hostesses.

Mrs. Wyatt now resides at Lexington, Ky., where her husband, Dr. Wyatt, is the head of the Blue Grass sanatorium and is here in attendance upon her father, J. H. Northrop, who has undergone an operation. She is a sister of Mrs. J. M. Burlew.

The home was decorated in yellow and white, rich hued sunflowers making appropriate adornment.

The hours pleasantly slipped away with the game of progressive touring, the yellow motif being found on the score cards which bore automobile numbers. The trophies were awarded to Miss Katherine Rutherford, matron at the hospital, who presented it to the guest of honor, Miss Grace Johnson taking the consolation.

A delectable two-course collation, in which the prevailing tones were seen, was served and a period spent in reminiscences was enjoyed. Miss Schildmeyer favored with a whistling and vocal solos.

Miss Rutherford and Mrs. Wyatt are greatly enjoying the reunion, as the former graduated in the second class. Mrs. Wyatt married the year after her graduation and left Santa Ana. She sees many changes during her absence. When she was in the hospital only the main building was in use.

Those invited last evening were Mrs. Wyatt, Mrs. J. M. Burlew, Misses Katherine Rutherford, Martha Schildmeyer, Irene Miller, Elizabeth Spahr, Grace Johnson, Alice Wood, Rose Lieberman, Carrie Morse, Mrs. George Barnett, Elaine Hildreth, Margaret Walkinshaw, Bessie Walkinshaw and Gladys Case.

Wylie, Plan House Party

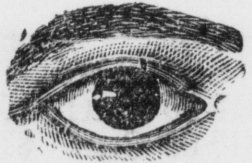

Miss Effie Wylie was the genial hostess at her home last evening to the members of the "202" Club, the rooms being made attractive in honor of the coming of the guests with dainty pink and white roses.

The time was happily passed with dancing and social chat and a house party at Balboa to begin next Saturday and last until the coming Thursday was planned and is pleasantly anticipated.

Those present last evening were Misses Myrtle Law, Margaret Lyon, Christine Watson, Hazel Pentecost, Muriel Cravath, Blanche Hill, Atlanta Merigold, Mary Smith, Gwendolyn Hoyle and Vivian Newman.

PRETTY NURSE WEDS

Miss Mary E. Walkinshaw
Now Mrs. Wallace Wilson,
Both to Enlist Soon

The San Bernardino Daily Sun of August 9 contains the following account of a wedding of great interest to the bride's many friends here:

Real war-time atmosphere enveloped the marriage last night of Miss Mary Elizabeth Walkinshaw of Santa Ana, and Wallace Luther Wilson of San Bernardino, service man with the Southern California Edison Company, but who expects to be in the immediate future in the service of Uncle Sam, for he drew a place in the first draft and on Tuesday was accepted and will be a soldier in the making in a very short time, he anticipates, not later than the first of September.

The soldier does not expect to leave his bride to mourn his departure, for she, too, will turn her face to the front, and expects to offer her services to the Red Cross for which she will qualify through efficiency acquired as assistant matron at the Santa Ana Hospital with which she has been connected the past four years.

When Mr. Wilson learned the result of his interview with the draft examining board, he telephoned to his fiancée, and she came up to San Bernardino last evening, and was escorted to the home of Mr. and Mrs. Wilson's parents, Mr. and Mrs. G. H. Wilson, at 619 Catrick street, for a call, such as she frequently makes during visits to San Bernardino. Not a hint that a wedding was considered was dropped, but later in the evening Mr. Wilson telephoned his mother that he was a benedict and that two from the family would enter the service of Uncle Sam instead of one.

The marriage was quietly celebrated at the residence of Rev. Milton E. Fish, pastor of the First Baptist church, the bride and groom being accompanied by Mr. and Mrs. A. B. Wolhaber, the former district manager of the Edison Company.

It is expected that Mr. and Mrs. Wilson will be at home with his parents at the Catrick street home for the present. The bride is pretty and a brunette, and an enthusiast in her work.

The groom is popular with many friends here where he is well known. He is a native of Colton and a grandson of the well known Civil war veteran of Colton, Captain Robert H. McKittick, of Company B, Sixty-sixth Ohio Infantry, and has no objection whatever to making a record for himself as a defender of his country.

The bride has spent much of her time in Santa Ana where she has relatives and a host of friends, who will be greatly interested in her marriage, celebrated within this halo of war romance.

The romance by the way began in the San Bernardino mountains, the minute the bride and groom met at a summer resort where both were visitors two years ago yesterday, the day of the wedding celebration.

Captain H. McKittick and Mrs. McKittick of Colton, grandparents of the groom, gave Mr. and Mrs. Wallace L. Wilson a reception at their beautiful home on the Colton Terrace. The home was beautifully decorated in flags, flowers and evergreen, and the company of San Bernardino and Colton relatives enjoyed a delightful evening with the bridal pair.

Mrs. Wilson was in Santa Ana today receiving the greetings of her friends.

PATRIOTIC ADDRESS

Mrs. Emma R. Neidig, Supreme Past Pres., Makes
Plea to Brotherhood

Mrs. Emma R. Neidig, supreme past president of the Fraternal Brotherhood, was a loved and honored visitor to Santa Ana lodge of the Fraternal Brotherhood last night. The hall was crowded with members and visitors from every lodge in the district.

The event was in celebration of the patriotic and loyalty week and in honor of the members who are giving their service and their lives to their country.

No business session was held, a brief program being given. Miss Cora Huntington read a poem, "The Kid Has Gone to the Colors." James Ryan and L. F. Harvey also gave patriotic readings and Mrs. E. A. Biggs sang the verses of "Marching Through Georgia," the members joining in the thrilling chorus.

Mrs. Neidig gave a very inspiring address, her voice often being choked with emotion, as she spoke of the flag and of what its colors and its stars and stripes mean to all and especially to the Fraternal Brotherhood.

She made a plea that all willingly and cheerfully give their dollar to the special war fund, which will pay the life insurance policies of any of the boys who give up their lives for their home and country. Only \$2 a year can be assessed for this purpose and it is no more than due these soldiers, whose policies would otherwise have to be cancelled, according to the constitution of the order.

Mrs. Neidig also explained the juvenile insurance plan and a large number of children's applications were given in last night. Five hundred must be obtained before the plan can be carried out in the Brotherhood.

HIS FOURTH BIRTHDAY

Master James Wilson of Placentia Honored at Party
Given Yesterday

Mrs. Ella Parker gave a very delightful little birthday party yesterday afternoon at her home on Bush street, honoring the fourth birthday of her many little grandson, James Wilson, son of Mr. and Mrs. F. L. Wilson of Placentia.

The merry group of children enjoyed their pretty games on the lawn and after tiring of this they were called to the dining room, which presented a very charming appearance with its dainty trimmings of pink and white.

Delicate pink crepe myrtle mingled with fluffy bows of pink chiffon ribbon centered the table, around which trains of cars stood and from which marched an animal parade, carrying out the circus idea, very pleasing to the little folk.

Master Jimmie sat proudly at the head of the table with a lovely cake topped with pink tapers in front of him, later blowing out the candles. Pink lemonade was served the children and they drank it through a straw, also being served with pink ice cream and cake.

The honored little man received a number of appreciated gifts.

Jimmie's guests were Oona Chaffee, Nancy Petty, Mary Terwilliger, Dwight and Milo Ainsworth, Bert and Fred Carner of Orange, Howard Cole, Marian Thompson and Stanley Wilson.

Thursday Afternoon Whist Club

The Thursday Afternoon Whist Club was charmingly entertained yesterday at the home of Mrs. I. A. Mechem on West Fourth street, the rooms being artistically decorated with the crepe flower.

The prizes for the whist games went to Miss Mildred McNeal and Mrs. Ida King.

During the afternoon Mrs. Eugene Reif sang several delightful songs and rendered instrumental selections, adding greatly to the pleasure of the occasion.

Appreciated refreshments of ice cream and cake were served by the hostess before her guests departed. The present were Meses, Charles Smith, A. L. Heard, R. R. Durkee, E. L. House, Eugene Reif, A. A. Wood, Ida King and Miss Mildred McNeal.

Married in Oakland

Mr. and Mrs. W. H. McCord have received the announcement of the marriage of their son, Olin H. McCord, to Miss Helen May Wright in Oakland on August 2.

Miss Wright was a San Francisco girl and the romance of the young people commenced in the University of California, where the bride and groom graduated in the class of 1916.

Mr. McCord will teach this year in the high school at Arroyo Grande, near San Luis Obispo, where they will make their home.

Veteran Rebekahs Picnic
All the Rebekahs in the city today, who are not members of the Veteran Rebekah association, were in mourning because they could not attend the annual reunion of the Veterans held in Birch Park.

Two long tables were set in the park, where the cool breezes from old ocean could play about the jolly picknickers. There was no room for flowers, the decorations being everything imaginable good to eat from the "homemade" rolls of Mrs. B. Utley to the luscious plums and peaches from the Rogers home.

The old friends passed a merry time together, enjoying jolly chat while the good things disappeared rapidly.

Last May Mrs. Pressel sued her

MEMORIAL HELD
FOR MR. KEECH
BY ATTORNEYS

Splendid Tribute Paid to Man
Who Was President of
Legal Association

This morning memorial services for
Attorney E. E. Keach were held in
the superior court by the Orange
County Bar Association, of which At-
torney Keach was president at the
time he was killed in an automobile
accident.

Resolutions, prepared by a commit-
tee of the association, were read, and
were adopted.

Judge Thomas then read a letter
written by Attorney Richard Melrose
of Anaheim, long associated with At-
torney Keach in water rights litigation,
in which there was expressed a
high appreciation for the qualifica-
tions of Attorney Keach.

In response to Judge Thomas' re-
quest, short addresses dealing with
personal phases of the life of At-
torney Keach were given by Attorneys
R. Y. Williams, A. H. Stutsman, H. J.
Forgy, H. C. Head, S. M. Davis, E. T.
Langley, G. H. Scott, F. O. Daniel, L.
A. West and E. J. Marks and Judge
Z. B. West. Splendid tributes were
paid to the memory of Attorney
Keach.

That Attorney Keach was always
strongly in favor of maintaining a
high standard at the bar was brought
out.

A memorial oration was delivered
by Attorney Clyde Bishop, whose
words of high commendation for At-
torney Keach as a lawyer and a man
and a friend were ended by the recita-
tion of "Thanatopsis," which Attorney
Keach a few months ago told At-
torney Bishop to his mind was in itself
a wonderful funeral sermon.

The resolutions passed by the bar
association follow:

The community in which he lived,
and especially his associates of the
Orange County Bar, has never been
more shocked, nor more deeply
moved, than by the sudden death of
E. E. Keach.

His fraters of the Bar of this coun-
ty take this method of laying at his
bier the tribute of their love and re-
spect.

We knew him well, and have ad-
mired him for his many noble quali-
ties. His faithfulness to any trust is
proverbial; his steadfastness in stand-
ing for what he conceived to be right,
both in the practice of his legal pro-
fession and in his intercourse with
his fellowman, we all know; his fear-
lessness in attacking wrong and
standing for the right never failed
him; his untiring zeal to promote the
purity of our Bar is matter of history
in this county and his patriotism and
loyalty to his country is a model we
can all follow with credit to ourselves.

His ability as an advocate is attested
by his success in many hard fought
legal battles before our courts. He
was recognized by all as one among
our foremost lawyers. This is further
attested by the success attending his
handling for the past several years of
the legal business of The Anaheim
Union Water Company, Santa Ana
Valley Irrigation Company, and one of
our most important protection dis-
tricts. The business of these water
companies is most intricate and calls
for the most careful and painstaking
work and he so handled that business
that he has taken a place at the very
top of the list of water right lawyers
in this state.

To his family we express our sin-
cere sympathy for their personal be-
reavement, with the assurance that
they are not the only losers by his un-
timely death; but that his loss is also
sorely felt by his associates of the
Bar and by the community at large.

FIRE IN SAN MATEO
CANYON AGAIN BREAKS
OUT, UNDER CONTROL

The brush fire that broke out in the
upper part of San Mateo canyon Sun-
day, and which Fire Guard Johnson
of Elsinore reported under control,
broke out again yesterday, after get-
ting away from the men, the fire
guard had left in control. Johnson
and a bunch of men from Elsinore
went into the canyon yesterday morn-
ing, on a report from the Santiago
peak lookout that smoke was coming
from the canyon. By night the fire
was again under control, and this
morning the lookout reports that
there is scarcely any smoke coming
from the burned area.

It is estimated that between 200
and 300 acres of brushy hillside were
burned over.

WERE MARRIED
IN SAN DIEGO

Mystery of the Double Wed-
ding With One License
Is Solved Today

The mystery is solved.
John Sebastian of Downey and Miss
Vera Leona Holland were married in
San Diego two or three weeks ago.

John Sebastian was subject to
draft, and he and his intended wife
were fearful lest he be suddenly or-
dered into a training camp. They de-
cided to be married forthwith, and
they were.

However, plans for the big double
wedding in Santa Ana were already
made, and they proceeded to carry
the plans out. Rev. A. T. O'Rear, pas-
tor of the Spurgeon Memorial Church
here, was in on the secret, and the
fact that two couples, the other being
William Sebastian and Miss Maude
Lillian Holland, had but one license
was known to him.

That is, they had but one unused
license. The one that had been used
in San Diego was in his possession
so that he went forward with the
double wedding. John and his wife
merely pledged their vows over again.
That this was the solution of the
mystery was learned here this morning
by John Sebastian, father of the two
young men who were married.

HUNDRED-TON
APRICOT CROP
COMING IN

With a force of six to eight men al-
ready at work and an increased force
contemplated in the near future, the
C. C. Collins Company is rushing its
work in preparation for packing and
shipping of the dried apricot crop.

This company is handling the output
from this county of the California
Prune & Apricot Growers, Incorpo-
rated. This association has been re-
presented here for the past ten days by
R. H. Hankins, who has been working
here signing up growers for their dried
fruit output.

Hankins has been meeting with ex-
cellent success in his interviews with
growers. Already he has signed up
considerably over one hundred tons of
fruit. Every day has brought addi-
tional members for the association.
Others who have not yet had an oppor-
tunity will have a chance to join be-
fore Hankins leaves for Ventura to-
morrow evening to continue his work
there.

Fruit is being received at the pack-
ing house of the C. C. Collins Company
for the association this week. Six to
eight men are now employed, and as
soon as the company is ready to be-
gin the work of grading and packing,
a dozen men and between thirty-five
and forty women and girls will be em-
ployed.

MARCHANT AND STANLEY AGAIN ITS OFFICERS

New Directors of Chamber of Commerce Discuss Lighting District Matter

The board of directors of the Tustin Chamber of Commerce, chosen at the last meeting to serve during the coming year, held a meeting Tuesday night at the school house. I. L. Marchant was re-elected president and S. W. Stanley re-elected secretary.

The situation as it now appears in regard to the Tustin lighting district was the interesting subject brought before the directors' meeting Tuesday night. Some dissatisfied persons at Van Nuys claiming that they derived no benefit from the lighting system there took the matter to court and through a supreme court decision the many lighting districts have to be formed again. It becomes necessary now to hold an election for the reorganization of the lighting system. It was decided at the meeting Tuesday night to go ahead and petition the Board of County Supervisors to call an election for the re-organization of the Tustin lighting district under the new law. If the election carries Tustin will continue to have street lights; if it fails to carry Tustin lights will be stopped.

There was considerable discussion of the Pacific Electric route to Tustin, but no action was taken. The next regular meeting of the Tustin Chamber of Commerce will be held on the third Tuesday night in September.

THREE MONTHS TRIP BY AUTO IS PLANNED

Mrs. Charles Lambert and her daughter, Miss Ethel Alderman, have gone for a three months' trip to the East. They will visit in North Dakota, Ohio, Pennsylvania and Texas.

PRE-NUPTIAL DINNER

A six-course dinner given by Mrs. Geo. B. Prather, Sr., in honor of Miss Hazel Clark and Joseph H. Ryan, who were married Wednesday, August 1, Mr. and Mrs. James C. Clark were also guests.

Little Miss Alice Prather, flower girl at the wedding, and Master Foster Prather, ring bearer, received lovely gifts from the bride.

TUSTIN PERSONALS

Miss Jean Johnston of Ontario, formerly of Tustin, was a guest of Miss Louise Long last week.

Mr. and Mrs. Lester Lane and family of Downey, have taken rooms at the N. S. Long residence.

Mrs. E. T. Hatfield of Long Beach, was a guest of Mrs. S. W. Stanley last week.

Mr. and Mrs. C. L. Awe and family are spending a few weeks at Newport Beach.

Mr. and Mrs. Frazer Noe have returned from Arizona and will remain with their son, Adam Noe, and family during the summer season.

MERRY TIME ENDS APRICOT SEASON'S RUSH WITH FRUIT

Home Made Cake and Plenty of Ice Cream Mark a Pleasant Occasion

Tuesday was the last busy day at the Griset apricot pitting camp. For four weeks and four days from sixteen to twenty pitters have been busy every day and Sundays, too, getting the big crop ready for the smokers and several acres of ground have been covered most of the time with trays of drying apricots. The fruit has now all been gathered into the storehouse.

A good part of the work has been done by campers on the grounds, occupying tents, which at the end of four weeks had begun to be covered with bean vines. The campers were young women and their chaperones.

Monday night being the last before breaking camp, a general merrymaking was held at the neighboring home of Mr. and Mrs. Franklin Griset. Delicious home-made cake was baked and a generous supply of ice cream was served.

Among those participating were: Misses Irene, Easter and Dorcas Jaques and Mrs. Ollie Noville of Santa Ana; Miss Emma Planchon, Miss Edith Plavan and Miss Grace Melton of Talbert; Miss Irene Griset, Mr. and Mrs. Gaston Griset and Mr. and Mrs. F. M. Griset, host and hostess.

always been farmer and rancher. Mr. and Mrs. McCullough have lived in California fifteen years. Besides his widow he leaves one daughter, Mrs. C. L. Campbell, of Los Angeles and two grandsons, Robert Campbell, who recently enlisted in the U. S. navy, and Allen Campbell, with the Standard Oil Company at El Segundo.

Beautiful floral offerings were sent by the many friends of the family and the chapel was filled with Tustin people who wished to honor his memory.

The two songs, "Face to Face" and "Nearer My God to Thee," were beautifully sung by Miss Jessie Rawlings, accompanied by Mrs. P. H. Ebel.

The funeral services were conducted by Rev. W. S. McDougall. Rev. McDougall's tribute was peculiarly appropriate and feelingly spoken, having been closely associated with Mr. McCullough as one of his most faithful church members.

The pallbearers were Tustin friends, C. P. Marshall, C. E. Utt, G. W. Pollard, A. E. Bennett, P. H. Ebel and W. A. Jones. Interment was at Fairhaven cemetery.

RED CROSS GIVEN FAITHFUL WORK AT THE SCHOOLHOUSE

A number of faithful workers have met regularly every Monday for Red Cross work in the sewing room at the Tustin schoolhouse.

Now that the busy fruit season is drawing to a close it is expected that many more will be able to attend each Monday. All those who come to work next Monday are requested to bring any old paper patterns they may have, or clean rags for use in ambulance pillows.

MEETING POSTPONED

The regular business and social meeting of the Tustin Presbyterian Berean Bible Class, which was announced for last Wednesday afternoon, has been postponed until next week on account of the death of J. W. McCullough.

CHANGE OF BUSINESS

The Tustin meat store is now run under new management. Formerly owned by J. C. Conway, it has been sold to the Anaheim Beef & Provision Company.

SIGN PETITION FOR LIGHTING

Present Bills Are to Be Paid Out of Road Funds, to Be Reimbursed

A petition for an election to re-form the Tustin lighting system was circulated and signed by the required number of citizens on Wednesday and filed with the board of county supervisors. The board will appoint a date for holding an election.

Tustin has had street lights for the past ten years, and it would scarcely be possible to do without them now. When the election is called it should receive the careful consideration of every voter.

There has been no levy of tax for the lights this year, but the law provides that if the election carries, the board of supervisors shall take the money out of the road department to pay for the lights, the road department to be reimbursed next year.

STATE SEALER HURLS HOT SHOT AT BAKERS

SACRAMENTO, Aug. 10.—Charles G. Johnson, state sealer of weights and measures, took a hot shot at the bakers of California whom he claims are "rubbing it into" the mass of consumers through the small loaf and high price, in a communication to Food Administrator Herbert Hoover. At Hoover's request he was summing up the California bread situation.

Johnson, in the communication, strongly urged a standard weight for bread which should be fixed and rigidly enforced.

"By the enforcement of the uniform 12-ounce standard weight of bread in the state," Johnson declared in his letter, "it is estimated that a saving in excess of \$1,500,000 was effected for the consumers in 1916."

"The revocation of the power of this department to maintain the standard has resulted in the price advancing from 5 to 7½ cents, and the reduction of the weight of the loaf from 12 ounces to 9 and 10 ounces."

"The baker gets the public in California now both coming and going. They have every facility to protect themselves. A standard weight is a direct protection to the mass of consumers, and particularly that enormous mass who cannot protect themselves and who can least afford to lose."

"During May, 1917, the market value of flour was \$17.50 per barrel, and bread was selling for 7½ cents for approximately 10 ounces. Today with flour at \$12.90 per barrel, the selling price of bread is the same, and, if anything, the loaf is smaller."

SALONA COUNTY FIRE FIGHTERS LEAD STATE

SACRAMENTO, Aug. 10.—Sonoma county has taken the lead of all counties in the state in the protection of its grain fields against fire, declared G. M. Homans, state forester, who is directing the anti-grain fire campaign.

Herbert Schulze, a merchant of Dixon, started things in the county when he equipped one of his delivery trucks with 12 fire extinguishers, water buckets, sacks and five men for use free to the farmers in fighting grain fires.

As a result of his move, the county supervisors purchased fourteen trailers for automobiles and equipped each with fire extinguishers and other field fire apparatus.

There have been sixteen grain fires in the county, according to Homans, and, due to the effectiveness of the fire-fighting machinery, the largest fire has been confined to an area of forty acres, the next largest to ten acres and the remainder to very small areas.

SOUND PROOF WALLS FOR 'CANNED' MUSIC

SAN FRANCISCO, Aug. 10.—Requests from Y. M. C. A. secretaries who were with the American troops on the Mexican border have been coming in to National War Work Council headquarters here asking that in the buildings constructed in the military camps throughout the west sound proof walls be built between some of the rooms at least. "It's a terrible strain on one's nerves and religion," writes one of the secretaries, "to hear a phonograph grinding out 'On the Road to Tipperary' ninety times a day." The request will be granted.

BUMPER YEAR FOR BABY CROP 1916

SACRAMENTO, Aug. 10.—California harvested a bumper baby crop in 1916 even if the state was a little short on potatoes and onions.

Figures just compiled by George D. Leslie, statistician of the State Board of Health, show that during 1916 the stork paid California homes 50,638 visits, an increase of 2563 over 1915.

Of the total number of births 3721 were Japanese, an increase of 379 over 1915; 425 were Chinese; 199 negroes and 21 Indians.

The main difference between grocery stores is the price difference. The house that sells pure food, high quality groceries must receive a reasonable compensation. The store that sells just any old kind of groceries can always satisfy you on the price question.

Do you people who advocated a "Dry Town" for Newport Beach want to keep it dry?

If so, carry out your promises by making Newport Beach your summer resort this season.

Lew H. Wallace

Located upon a picturesque peninsula whose shores are alternately pounded and caressed by the great breakers of the Pacific Ocean on the one side and the placid waters of the bay which bears its name on the other, is the City of Newport Beach, fittingly called "The Newport of the Pacific."

No finer haven for yachtsmen and motor boat enthusiasts can be found on the entire Pacific Coast than Newport Bay. It is the aquatic playground and marine paradise of the West.

The Newport Harbor Yacht Club recently organized with a charter membership of almost fifty, forms a pleasing diversion for the throng of devotees of motor and sail boat racing.

Owing to the equitable influence of the Bay and Ocean, and its most favored location about forty miles southwest of Los Angeles, Newport Beach possesses as fine a climate as could be desired anywhere in the world.

Easily reached from Los Angeles by the scenic coast line of the Pacific Electric Railway, or by the Southern Pacific Railway or by a magnificently paved boulevard from Santa Ana, the County Seat of the richest County in California, just twelve miles distant, Newport Beach is easily accessible to the host

of pleasure-seekers who journey from the near-by cities to romp in the cooling surf, or motor or sail over the still waters of the Bay which teems with Bass, Perch, Yellow and Spot-fin Croaker.

The incorporated City of Newport Beach has grown steadily to include West Newport, East Newport, Balboa Island and Balboa, while from a commanding eminence across the sky-blue water, the recently acquired territory of picturesque Newport Heights smiles down upon it all.

The city owns and operates its own water plant and natural gas distributing system, and has a long term contract with a large power company for electric lights and power.

Bonds were recently voted by the City in the sum of \$125,000, for the improvement of the harbor and a bill will be introduced at the next session of Congress asking for a Federal appropriation for Harbor development.

As a pleasure and health resort combined the City of Newport Beach stands in a class by itself among all the beach cities of the Coast.

president, met Wednesday afternoon at the home of Mrs. W. M. Adland, Mrs. O. W. Reinus, the vice-president, called the meeting to order. Devotions were led by Mrs. Adland.

Following the usual business routine Mrs. Edward Chaffee read an article on "Child Labor in Factories." Winifred Adland read "Child Labor in the Mines"; Mrs. George Head, "Women and the Social Program"; Mrs. O. W. Reinus, "A Little Journey Through New York."

The hostess served most delicious refreshments, after which the meeting adjourned to meet the second Wednesday in September.

The various departments of the Red Cross have been busy lately and have completed forty surgical gowns, 36 convalescent robes, forty pairs of socks in process of completion, 24 comfort bags almost finished and the children from the first to the fifth grades and others are gathering soft cloth and tissue paper for ambulance pillows. Every one is very much interested in the work and is responding nobly to the standard raised by the local chairman, Mrs. C. C. Violett, who has the work so well arranged that it moves steadily on. The girls who are making comfort bags will have their regular meeting Monday evening at the home of Mrs. S. Horowitz. They are formulating plans to give the public a real treat soon and will use the proceeds for filling the comfort bags. The knitting committee has created

so much enthusiasm that one husband whose business leaves him a few spare moments was furnished a pair of needles and is knitting his own winter socks, after which his wife will trust him with some of the Red Cross yarn.

The dinner scheduled for Friday evening has been postponed until a later day.

A very enjoyable afternoon was spent Wednesday by the Ladies' Missionary Circle of the Baptist Church at the home of Mrs. J. Allan Knapp.

The afternoon was given over to the children of the Bible School. About thirty ladies and fifty children were present.

Rev. Geo. A. Francis, pastor of the church, had arranged games of football, volleyball and other sports for the boys and similar recreation was provided for the girls. After hours of fun, dainty and appetizing refresh-

ments were served to all by the committee, which were greatly enjoyed as the children had developed a ferocious appetite and a beautiful thirst. Mrs. Knapp proved herself an excellent hostess and the day closed with a hearty thanks for those who made the affair possible.

The Community Club of Berrydale met Friday afternoon at the home of Mrs. Frank Luton. The time passed very pleasantly with needlework. The hostess served delicious refreshments. Saturday evening, August 11, the members will hold their once-a-month meeting for their husbands at the home of Mrs. Susan Belt.

Quinn Nicholas and James McGill were examined at Fullerton for the army. McGill passed, but owing to a trace left by typhoid fever several years ago, Nicholas did not pass. John Williams and Sam Hutcheson passed, the latter 100 per cent pure, the former almost the top notch.

Mrs. M. L. Keeler and children of Santa Ana spent Wednesday at the home of Mrs. George Tyler.

C. B. Scott has been confined to his room for several days with a cold but is able to be up.

Lem Conkle was up from El Toro Wednesday and Thursday looking for men to complete his hay baling crew.

Mr. and Mrs. G. R. Reyburn returned Monday from a week spent with friends in Uplands, Pomona and Ontario. They were accompanied home

by Mrs. Will Ross and little son, who are house guests at the Reyburn home. Mrs. Ross has many friends in the Grove who will remember her as Miss Katharine Chappell.

Miss Bessie Spain took up training again at Orange County Hospital Thursday. She will receive her diploma at the end of two years, which will complete a three-year training course.

Mr. and Mrs. W. H. Newcomer went to Long Beach today to remain until Monday.

On Tuesday Mr. and Mrs. Reyburn and guest, Mrs. Will Ross, spent the day at Newport Beach.

Mrs. E. N. Cleveland of Los Angeles was a guest at the home of Mr. and Mrs. F. B. Cleveland.

Mr. and Mrs. George Rolfe are spending the week at Huntington Beach. They expect to attend the Iowa picnic at Long Beach Saturday.

John Newcomer of Santa Ana went to Bakersfield last Monday, where he will work in the employ of his company until about January 1, 1918.

Mr. and Mrs. Nelson Cook and Mr. and Mrs. Clarence Crosby attended the band concert at Birch Park Wednesday evening.

Mr. and Mrs. J. T. Watson are spending the week at Huntington Beach.

Mr. and Mrs. H. A. Lake and Mr. and Mrs. Bowen of Santa Ana left Wednesday in the latter's Chandler limousine for the Yosemite, expecting to return early next week.

Mr. and Mrs. R. E. Beardsley spent Tuesday and Wednesday with the family of Mrs. Beardsley's sister, Mrs. B. Pettit of Placentia, who are encamped at Huntington Beach.

Miss Olive Newcomer, who has been attending summer school at the University at Berkeley, has decided to remain in school for the year and will complete the university course.

Mr. and Mrs. E. Beardsley, Mr. and Mrs. G. L. Beardsley and family attended the band concert at Birch Park Wednesday evening.

Miss Olive Newcomer has gone to Sacramento to spend her two weeks' vacation at the home of her uncle, F. H. Bloodgood, recently appointed to the office of commissioner of real estate.

Mr. and Mrs. J. O. Arkley and family are spending the week at the Violett cottage at Seal Beach.

Miss Christabelle Thomas and guest, Miss Christabelle Miller, of Indiana, who is spending a year at the Thomas home, accompanied Mrs. George Tyler home Monday for a visit.

Mr. and Mrs. Fred Andre are spending the week at Seal Beach.

Mrs. S. Horowitz was a Los Angeles visitor Wednesday.

Claud Crosby and Dr. Magnusson spent Wednesday at Huntington Beach.

Mr. and Mrs. W. D. Blair and children arrived Monday from Good Springs, Nevada, and are stopping at the home of her brother, W. T. Robinson. Mr.

Blair will join her here in the near future.

Prof. and Mrs. S. R. Fitz spent Wednesday in Long Beach.

Mr. and Mrs. Fuilwider and son, Misses M. L. Miller and sister were entertained over Sunday by Mr. and Mrs. F. E. Harrison at their Laguna cottage.

Miss Mabel Northcross went to Orange Wednesday for a few days' visit at the home of Mrs. R. W. Miller.

Mrs. G. L. Beardsley entertained at dinner Tuesday Miss Mabel Nicklas of Prescott, Ariz., former first-grade teacher here.

Mrs. A. G. Phelps and children are spending the week at the home of Mrs. A. Bonham in Los Angeles.

WHEAT \$16 BUSHEL
IN ZANTE, GREECE

CHICO, Cal., Aug. 1.—The next time you are sad, just think how lucky you are not to live in Zante, Greece. Because if you lived there you would have to pay \$16 a bushel, instead of about \$2.25 for wheat.

John Panathetos of Chico has received a letter from his father who lives in Zante on a little island in the Ionian sea. The letter tells of potatoes selling for 14 cents a pound and wheat for \$16 a bushel and adds that the lifting of the blockade has partially relieved the situation.

TALBERT, BOLSA MEN VISITING IN MISSOURI

TALBERT, Aug. 9.—Monday afternoon Osco Gill left for Missouri for an indefinite stay. Traveling with him was Oliver Tripp of Bolsa, and both will be with friends at their old homes until they know definitely whether they will be taken into the army or not. Their draft numbers were transferred from here to Missouri, so they will go with troops from that state if called.

Mrs. Harold Bullock was an all-day visitor at the Santa Ana home of her parents, Mr. and Mrs. Frank Thomas, Tuesday of last week.

Mr. and Mrs. A. F. Swift and daughter Mildred attended the Downey fair held last Saturday. The product and flower exhibits were splendid, and the day of sightseeing was greatly enjoyed by the party.

Mr. and Mrs. L. C. Rix and sons Edward and Victor were the weekend guests of friends at Newport Beach.

Vance Wardlow and sister Gladys returned from Whittier Monday, after a pleasant visit in that city. Gladys has spent the past two weeks there.

and Vance went last Friday to stay a few days and accompany her home. Chas. Bullock of Santa Ana, was a Saturday visitor at the home of his brother, Harold Bullock.

Mrs. A. F. Swift attended a business meeting of the W. R. C. at Huntington Beach Monday afternoon, preparations being under way for the opening program Tuesday night of the old soldiers' reunion.

Mr. and Mrs. Harold Bullock entertained at dinner at their home Sunday, Mr. and Mrs. Noble Watson, friends from Santa Ana.

Mr. and Mrs. Franz Borchard of Oxnard, cousins of Leo Borchard, were Tuesday guests at the Borchard home, remaining over night and returning to their home Wednesday morning.

Mr. and Mrs. Harold Bullock entertained as guests Thursday, Mr. Bullock's parents, Mr. and Mrs. J. Bullock of Santa Ana, and sister, Mrs. Steve Cannon and little daughter Juanita of Bolsa.

On Wednesday of last week, Mrs. Arnold Walker entertained a party of relatives at her home for the day. They were her sister-in-law, Mrs. Ray Heckock, and sons Hector and Harry and niece and nephew Emma and Paul, all of Long Beach, and Mrs. Louise Ingraham of Inglewood. All returned home that evening except Hector Heckock, who remained for a few days' visit. Mrs. Heckock will return for him one day this week.

S. E. Talbert visited Sunday with his father at Long Beach. Miss Edith Plavan and Miss Grace Mahan spent the time from Saturday evening until Monday morning at the F. D. Plavan home. Upon their return to Tustin they were accompanied by Miss Emma Planchon and Irene Griset.

Mrs. Ray Wardlow, daughters Helen, Louise and Martha spent Friday afternoon at Huntington Beach visiting Mrs. Walter Walte.

Miss Mary Meuller went to Santa Ana shopping Tuesday.

Mr. and Mrs. Ray Wardlow and children were dinner guests Sunday at the home of P. B. Wardlow at Santa Ana.

Walter Giesler and Miss Louise Collins visited Sunday in Los Angeles. Miss Mary Meuller returned home Saturday from Fullerton, where she enjoyed a visit with Miss Hazel Brady, formerly of Talbert, who now resides with her grandparents at that place.

Rev. Andrews received word of the severe illness of his mother on Tuesday and went to Long Beach Wednesday morning to be with her.

The road south from Talbert is receiving a coat of crushed rock this week as are also roads by the Borchard and Bushard ranches. It was decided to be more profitable to put on rock than the usual coat of oil as the rock is more durable.

Two hundred and twenty-eight head of cattle will be shipped here next week from the Borchard cattle ranch at Madro to pasture on the beet fields. This will be the first lot received here for the best season.

Harvey Studebaker has returned from Los Angeles, where he spent several days visiting his sister.

Mrs. Chas. Smith, who suffered a severely sprained ankle last week when she received a bad fall, is doing as well as can be expected considering the severity of the injury. The cast in which the member is encased has not yet been removed.

The mass for the dead was said by Father O'Leary over the remains of the little cousins, Elizabeth and Ma-

bel, daughters of Mr. and Mrs. Robert Giesler of this place and Mr. and Mrs. Samuel Giesler at Huntington Beach Catholic church on Wednesday morning at nine o'clock.

The funeral was one of the saddest that was ever held in this vicinity and called together the largest number of sympathetic friends that has ever gathered together from the two communities to express by their presence and words of sympathy their sorrow for a bereavement.

The church was crowded to its capacity and many times this number were unable to gain admittance. Banks of lovely floral pieces and bouquets filled the space about the lovely white caskets, signs of affection for the little ones who will be greatly missed by the innumerable friends and of the immediate families.

A number of artistic floral pieces were contributed by the Holly Sugar Company as a token of their respect.

Eight little girls were the pallbearers, all intimate friends of Elizabeth and Mabel.

At the Anaheim cemetery, where the interment was made, Father Dubbie, of the Anaheim church, joined with Father O'Leary in the final service as the remains of the little ones were lowered to their last resting place.

Ruth Harper, Gladys Wardlow, Mildred Swift and Wilma Plavan of Talbert followed the remains of Elizabeth, and Vera Bushard, Idona Con-

ville and Maude Casper of Huntington Beach were with those of Mabel. The procession of machines following the hearses bearing the loved remains was of an unusual length. One machine was entirely filled with flowers, following closely.

Lemons Beautify! Make Quarter Pint of Lotion, Cheap

Here is told how to prepare an inexpensive lemon lotion which can be used to bring back to any skin the sweet freshness, softness, whiteness and beauty.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about half the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands, and see for yourself.—Adv.

MARKETING BODY IS FORMED BY BEAN GROWERS

At a conference in Los Angeles held with Col. Harris Weinstock, state director of markets, at the Alexandria Hotel, bean growers of California discussed the feasibility of forming a co-operative marketing association.

Ralph C. Churchill, manager of the Lima Bean Growers' Association, expressed the opinion that rules of his organization could be enlarged so as to take in all bean growers.

A committee was appointed to take charge of the organization of the general bean growers' association. It follows: W. E. Blackstead, R. L. Owen, Alexander Jeffrey, William Jeffrey, Ross Whitney, A. H. Cravens, H. A. Carlson and N. W. Robertson, Alexander and William Jeffrey are bean ranchers on the San Joaquin.

The meeting was attended by about fifty growers of Southern California.

SPORTS

By H. C. Hamilton

N.Y. YORK, Aug. 10.—The difference between the White Sox and the Red Sox—not to speak of other American League baseball clubs—isn't enough in the Red Sox favor to give Jack Barry any feeling of top-heaviness.

For the first time in several years strenuous efforts are being made to strengthen the world's champions. Of course, all managers are always trying to add strength to their clubs, but real efforts to get any certain cog haven't been made in Boston American League circles for several years.

At the start of the season Barry kept Agnew, a strong, heady catcher, on the bench, and worked Cady and Thomas almost exclusively. He now has discovered that Agnew is the best of the three and the former Brownie is getting all the heavy work. Cady has been found to be too slow, and Thomas too much of a machine.

President Frazer recently made Clarke Griffith an offer for catcher Henry of the Senators, but the Washington club couldn't see it that way at all.

Barry is still combing the American league for surplus backstopping material, but is having little luck.

Barry, by the way, is finding the life of a manager particularly trying. He has practically given up active play and is spending his time on the bench while Harold Janvrin does the second basing.

Few successful playing managers ever have been noted in the majors. Probably the only recent exception was Miller Huggins of the Cardinals.

and he has been much more successful since he abandoned the diamond.

LOS ANGELES PRODUCE MARKET
Lack of production is practically the only factor in the better situation which has influenced the present price level, and unless this backward production is accelerated in some way, the consumer will have to reconcile himself to fancy prices for the dairy staple for many months to come.
Peaches are plentiful but the better grade of freestones are commanding fairly good prices, \$1.50 a lug being demanded for the fanciest shipping stock. Cantaloupes were unaltered yesterday and the advent of some superior quality watermelons strengthened quotations for that summer fruit. Nectarines and plums are rather a drug on the market and in an effort to stabilize the market for the same many dealers are refusing to take consignments. New crop apples have so far met with a poor reception.

HARPER
DINNER GIVEN AS
FAREWELL TO
SOLDIER

HARPER, Aug. 9.—One of the finest examples of neighborhood esteem was shown here last Saturday evening, when the friends and neighbors of Mr. and Mrs. James Bennett gathered at their home and held a picnic dinner on the spacious lawn, the occasion being in the nature of a farewell to their son, Edward, who has enlisted in Company L, California Infantry.

Few of us had realized the meaning of this war until one so popular among the younger set and so universally liked by all, harkens to the call of his country. Especially true in this instance is the fact that Uncle Sam gets the cream of American manhood. Temperate in all things, the welfare and comfort of his aged parents his first consideration, a loyal church member, and with always a smile and happy word for all, the entire community will miss him.

After a delightful dinner, which was partaken of by nearly ninety, short patriotic talks were made by George Huntington, W. Rowntree and E. A. Spaulding, with the entire gathering joining in singing the "Star Spangled Banner."

Edward, we're proud of you—God bless you!

Orchard Acres, and C. A. Wilkinson, his superintendent, have leased 130 acres of vacant land situated in the Fairview district and located between Fairview avenue and the Southern Pacific railroad. Most of this will be planted to grain.

Will Stearnes, wife and family and his sister, Miss Mary Stearnes, returned recently from a camping trip near the Modjeska ranch. The return was made through Corona, where they visited friends.

P. M. Higby and J. C. Lamb and families spent Sunday on the beach at Corona Del Mar.

Mr. and Mrs. C. A. Wilkinson spent Monday in Los Angeles and Glendale, taking lunch at the latter place with Mr. Wilkinson's parents.

Frank McGinnis was in Los Angeles Monday visiting his daughter-in-law, Mrs. Geo. McGinnis, who is recovering from an attack of appendicitis, at the Angelus Hospital.

Mr. and Mrs. Dan Reich are leaving this week for Idylwild for a two weeks' vacation. Watch out for fish tales!

Frank Fowler, keeper of Uncle Sam's postal records, is again on duty.

Residents of this district feel that they are entitled to an occasional visit of the county's "speed cops." They surely would have rich "pickings" on these warm Sundays, especially between the hours of 4 and 8 p. m. Speeding, cutting in and glaring lights are the chief offenses.

James Evans and wife and Robert Evans and wife spent the week-end at the Evans cottage at Newport Beach. Mrs. R. B. Millard of Los Angeles, is the guest of her sister, Mrs. Rupert Belton, this week.

Mrs. C. D. Lawler and daughters, Miss Louise and Mrs. Welty, and two children returned to Los Angeles Monday evening, after a few days' visit with Mrs. Ramsey.

Mr. and Mrs. Stewart, who live at the corner of Twenty-second and Orange, had as guests last week Mr. and Mrs. Callison and daughter of Dinuba, C. S. Coxson of Long Beach, and Mr. Douglas, wife and baby of Los Angeles.

Willard Mellott and Kern Wright and their families attended the carnival and fair at Downey last Saturday.

Mrs. Mellott's sister-in-law, Mrs. C. A. Wright, and children of Los Angeles, accompanied them home for a visit.

The evening service at the Harper M. E. church next Sunday will be views from the Passion Play with narrative given by Rev. Weed.

Mrs. Geo. Horne and son are down from Los Angeles, visiting with Mr. and Mrs. J. K. Horne, and canning fruit.

Mrs. Johnston is quite ill at the home of her mother, Mrs. Lincoln of the Rose Cliff Hotel.

Mr. Knoff and family of Los Angeles, spent a few days this week at their home on Wilson street.

H. E. King of Van Nuys, visited with his father and family last Sunday. His wife and baby, who have been here for the past week, returned home with him.

The regular monthly meeting of Fairview Citrus Farms Association was held at the home of Mr. and Mrs. James Evans Tuesday night. There was a large attendance and an interesting session. It was decided to hold the annual visiting day on August 23. Mr. Evans was appointed marshal for the day. Mr. George Hall, Mrs. E. A. Spaulding and Mrs. Willard Mellott were appointed on the entertainment and refreshment committee.

After adjournment of this meeting, the newly organized Fairview Farms Fungus Association called a meeting and elected the following officers: James Evans, president; C. Wesley Bailey, vice-president; Norris Mellott, secretary, and W. W. Middleton, treasurer.

The association owns thirty of the N. C. Mellott patent sectional fumigating boxes, and expect to start work at once on the Fairview Farm orchards. When they have completed their own work, they will be ready to take custom work. These boxes have proved entirely satisfactory, being operated with less expense and more efficiency than the old-style tents.

Mr. and Mrs. John Bennett came in from Oakland last week and are now at the home of their parents, Mr. and Mrs. James Bennett. They expect to make this their future home and are looking for a location.

Mrs. Salesbury of Garden Grove, has acquired the Gustlin property, situated on the southwest corner of Twentieth and Orange streets.

RUNAWAY FOUND AFTER
YEARS THROUGH DRAFT

SAN FRANCISCO, Aug. 10.—Ten years ago George Washington Collins ran away from home. He was aged 13 then, but when he lacked in age he made up in valor.

"I'm tired of this dull hole," read the note he left for his mother, "I'm going to the city and I'm coming home when I'm rich."

Evidently George is not yet rich—or at any rate he hasn't returned home—yet.

But his mother—like all mothers—has kept up hope during all those ten years. So when she read in a San Francisco newspaper yesterday that George Washington Collins had been drafted in San Francisco district 29 and that he was 23 years old, "Mama" Collins way up in Shasta county, thought of her boy.

Today George's sister appeared before the draft board.

"It must be my brother," she told the board, "and I'm going to take him back home to mother."

The address of "George Washington Collins" was given to the sister and she left to take George back home to Shasta county.

HUNTINGTON BEACH
VETERANS FIGHT
AGAIN BATTLES
OF PAST

HUNTINGTON BEACH, Aug. 9.—Battles of long ago are being fought over again on the camp grounds in this city by the grand old veterans who saved the Union more than a half century ago.

The shells are falling thick and fast and the boys are marching and making counter-attacks in the shade of the stately eucalyptus trees that adorn the grounds that are known this year as Camp Frank Hobart.

The registrations were slightly less on the opening day than last year. However, the number of tents occupied was larger than the same time last year, showing that a larger number of friends are accompanying the G. A. R. men than usual.

The entertainment of the first night was furnished by the Huntington Post and Woman's Relief Corps, and consisted of numbers by the Huntington Beach Municipal Band; flag drill by twenty-four members of the corps; Japanese dance by Miss Mabel Young; fancy dance by Miss Eva Wright; vocal solo, Albert Golder, and a vaudeville act.

Flag Raising
The annual flag raising took place at 9 o'clock yesterday morning and Old Glory was hoisted in place by Senior Vice-Commander Tom Hull of Los Angeles. The address was delivered by E. C. Saymore of Highland.

As usual one of the great attractions of the camp is the Los Angeles Veterans' Drum Corps, composed of Robert Bain, leader, of Los Angeles, 76 years old; S. Q. Howard, Los Angeles, 77; Isaac Culberson, Los Angeles, 76; W. H. Nash, Los Angeles, 78; J. A. Stanbury, Los Angeles, 77; J. S. Vennum, Soldiers' Home, 77; S. H. Hazeldine, Sawtelle, 73; M. L. Spotswood, Sawtelle, 73; W. E. Powelson, Los Angeles, 72; A. M. Thornburg, Los Angeles, 78. The drum used by Leader Bain was captured by his great grandfather, John Bain, in the Revolutionary War, at Beemiss Heights, N. Y.

Spanish War Veterans
Saturday will be Spanish War Veterans' day and a big time is promised. Roosevelt Camp, No. 9, of Los Angeles, has arranged for an all-day picnic and a special afternoon program for children. The evening program will be given by the Wallis Dramatic School of Art, and there will be other features to please everybody. Commander D. E. Foster and Adj. Arthur L. Merry are in charge of the affair and special trains will be run by the Pacific Electric from Los Angeles.

REMINISCENCES IN ORDER
AMONG VETERANS

HUNTINGTON BEACH, Aug. 10.—Reminiscences were in order yesterday at the G. A. R. encampment. Thirteen years ago the first encampment of the Southern California G. A. R. took place at Huntington Beach. It was not the first encampment held in Southern California but it was the first held at Huntington Beach. A. B. Paul, the present quartermaster, was commander at that time and in comparing the present conveniences with the conveniences at that time finds that the present is far more satisfactory than the early times. And yet there are many pleasant recollections of those early camps. At that time there were scarcely any buildings in Huntington Beach. There were no permanent buildings on the camp grounds. A big tent located about where the auditorium now is furnished a meeting place. Headquarters were maintained in a large tent fronting on Orange avenue. The restaurant which provided meals was also located in a tent across Eleventh street where a cafeteria was built some years later and afterwards burned down. Every year from that to the present the annual encampment has been held at Huntington Beach with some improvements in the comforts and accommodations each year. A reunion by states was held yesterday.

WHAT IS URIC ACID?

Does Uric Acid Cause Backache, Rheumatism and Kidney Trouble?

Does it cause kidney trouble? Not long ago I was examined for insurance and an analysis of the kidney secretions showed an excess of Uric Acid.

I suffer from backache, and rheumatism in my limbs, but never before suspected my kidneys. I recognize you as an authority on these subjects, and wish you would give me this information.

Lewis R., My dear Sir: Answering your letter, Uric Acid indicates poisoning of the system; it is also associated with several other poisons and forms acid irritants in the cells of the joints, nerves and muscles. Everyone has Uric Acid in the system, but naturally in small quantities. Excessive amount is caused by eating too much meat and foods that ferment in stomach. The kidneys being the filters of the blood are supposed to separate and throw the poisons out of the system. Weak, tired and over-worked kidneys fail to do this, hence the poisonous Uric Acid and its associated poisons contaminate the blood, causing backache, lumbago, rheumatism, drowsy, drowsy and tired, worn-out feeling, short breath and many other symptoms.

To overcome the trouble is only a matter of toning up the kidneys, and this is best done by a treatment with "An-Uric" with proper diet and exercise. This prescription has been thoroughly tested and used by specialists at my institution, in Buffalo, N. Y., with satisfactory results, and astonishing relief.

I recently put "An-Uric" before the American people and it may now be obtained from almost any one of the leading druggists in town, simply by asking for Dr. Pierce's "An-Uric" in tablet form.

Take good medical advice, and do not let deadly Bright's Disease or Diabetes develop from neglected kidneys.

(Signed) V. M. PIERCE, M. D.

day morning showing a representation from a large number of the states. In the afternoon an informal campfire program was given.

On Saturday, August 11, Roosevelt Camp, U. S. V. W., of Los Angeles will combine with the old soldiers in an all-day picnic on the grounds and in the evening the Spanish War Veterans will have charge of the program.

TROPICO POST IN CHARGE
THURSDAY EVENING

HUNTINGTON BEACH, Aug. 10.—N. P. Banks Post and Corps of Tropico was in charge of the evening program of the Grand Army encampment Thursday evening. The program consisted mainly of numbers furnished by the corps and post but a few friends of the organizations were called upon to take part. The first number was a male quartet by members of the Post whose age averaged 73 years. The quartet was composed of J. H. Henry, R. D. Goss, C. H. Clark and R. Taylor.

This was followed by a humorous reading by J. H. Henry, aged 82 years. Roger Baker gave a violin solo and then came a series of fancy dances by Miss Dorothy Dutton in costume. These proved very enjoyable.

Dr. Henry appeared again in a duet number with Mrs. William Crawford and they responded to an encore.

Under the head of Illustrations, W. I. Hibbard gave a series of magic stunts that had his audience guessing.

Mr. Joe V. Griffin, who was in charge of the program, next appeared in a series of humorous stories in which the Irish figured prominently, and then came the concluding number, a "Tropico Trio" by Melvino and Westwood. This was a comic stunt in which Rastus, the barber's apprentice, "trimmed" his customer in a style far in advance of that of the average barber shop.

ANNUAL PIG SLAUGHTER
TO BE HELD SATURDAY

HUNTINGTON BEACH, Aug. 10.—On Saturday morning at 9 o'clock the annual pig slaughter of the camp will occur under the direction of Mary Dunning, president of the Penny Club, who, together with Mrs. Mary Coulter of the Santa Ana Corps, make a capable officery of this unique organization.

The plan followed by the Penny Club is to provide each affiliated with a bank in the form of a china pig during the year and when the great slaughtering day comes the proceeds from the pig banks are combined for the purpose of purchasing beans for the annual bean day of the old soldiers. This year it will take more pennies than usual to buy the necessary quantity of beans and in order to make sure that there will be enough for everybody, R. E. Gilliland, a member of the Riverside Camp, Spanish War Veterans, has donated two sacks to make up for any deficiency that might occur.

Bean Day comes on Tuesday, and after the bean dinner the annual prize dance will be held at the pavilion on the beach.

BUENA PARK VETERAN
CHIEF OFFICER

HUNTINGTON BEACH, Aug. 10.—The chief officer of the G. A. R. encampment this year is Comrade D. W. Hasson of Buena Park, who has been one of the most regular and faithful in attendance since the camp has been permanently located at Huntington Beach. Commander Hasson is proving a most acceptable commanding officer and all regulations for the camp are meeting the approval of the campers. There have been very few lost articles this year thus far. The officers of the day find their duties comparatively light. Yesterday's officer, Mr. J. S. Vennum, of the Pacific Electric, instructed officers of Roosevelt Camp No. 9, United Spanish War Veterans.

The name of the camp this year is Frank C. Hobart Camp, in honor of a former commander who died on the grounds during the encampment here last year.

PLANS FOR SPECIAL TO
SAWTELLE MISCARRY

HUNTINGTON BEACH, Aug. 10.—Although there will be a special celebration at the Soldiers' Home at Sawtelle during the G. A. R. encampment here this year, it is not likely that many of the members of the camp will attend. Efforts have been made to get a through train from here to Sawtelle over the Pacific Electric but the negotiations have failed and unless some change occurs very soon the annual excursion will be dispensed with.

On Monday, August 13, however, the nineteenth anniversary of the surrender of Manila to Admiral Dewey will be celebrated at Sawtelle under the auspices of the Department of California, United Spanish War Veterans. Special trains will run from Los Angeles but so far as arranged there will be no through trains from other points. The celebration will take up the afternoon and evening of the day.

HERE ARE FACTS ON
LIFE OF PRESIDENT

WASHINGTON, Aug. 10.—President Wilson's name will go down in history among the score or more great war statesmen in the annals of the world.

Here are some of the facts of his life your children and grandchildren will learn from their school books:

Born December 28, 1856, at Scranton, Va.

Ancestry, Scotch-Irish on both sides. Educated by his father, a noted scholar, and at Davidson College, S. C.; Princeton College, University of Virginia, Johns Hopkins University.

Practiced law at Atlanta, Ga., 1881-83. Served on teaching staffs of Bryn Mawr College, Pa.; Wesleyan University and Princeton University.

President of Princeton College, 1902-10. Elected President of the United States, 1912.

Author of "Life of George Washington," "History of the American People," "Constitutional Government in the United States" and other historical and political works.

TO CLEAN COPPER

Rub with a cut lemon dipped in salt and wipe dry with a soft flannel. Then rub vigorously with a cloth saturated with olive oil, to preserve the polish.

Save all old paraffin. If dirty and cannot be cleaned with water and a brush, melt and strain through cotton or several thicknesses of cheese cloth.

WINTERSBURG
NEWS BUDGET

WINTERSBURG, Aug. 10.—The monthly meeting of the Woman's Home Missionary Society was held Wednesday afternoon, Mrs. E. Ray Moore being the hostess. In the absence of the president, Mrs. O. N. Oleson presided. The devotions were led by Mrs. G. M. Roberson. After the business session, reports of the daily meetings at the Home Missionary tent at the camp grounds were given by the women. Jelly for the Methodist Hospital in Los Angeles was one of the needs reported, several offering to donate. Delicious fruit punch and assorted wafers were served by the hostess. Those present to enjoy the pleasant afternoon were Mrs. Mary Clemens, Mrs. Kate Frenger, Mrs. C. E. Cleaver, Mrs. J. D. Shutt, Mrs. G. M. Roberson, Mrs. J. Nathaniel Walton, Mrs. Earl Farrar, Mrs. J. R. O. Wells, Mrs. Riley Graham and Mrs. O. N. Oleson. Ten children were present ready for the work of the Mothers' Jewels' band, but no leader, having been appointed for this new work, no meeting was held. Mrs. Nathaniel Walton was chosen by the society to have charge of the children's work at the September meeting, which will be held at the home of Mrs. W. F. Slater.

A. B. Crane is in the midst of his beet harvest, and is well pleased with the yield this year. He is plowing out some long beets, one specimen, after being topped, by actual measurement was 2 feet 6 1/2 inches long and the end of the tap root was left in the ground.

Rev. and Mrs. O. N. Oleson received news of the death of Mrs. S. A. Staples of San Diego, a dear old lady who had been their friend for years, the acquaintance having begun in North Dakota. Mrs. Staples was in her 98th year and had been in excellent health until the past year. When she was nearly 92 years old, she came by auto from San Diego to Banning to visit the Olesons, who were living there at the time. The memory of her rare friendship and beautiful life will be a benediction to those who were privileged to know and love her.

U. C. FARM BARLEY
YIELD 37 SACKS ACRE

BERKELEY, Aug. 10.—Thirty-seven sacks of barley to the acre is the average yield of the University of California Farm at Davis, according to announcement here, for the present season. One acre which had been pastured on grain farmed every season without rest, since the land was first plowed, yielded 40 sacks or 4871 pounds—to be exact.

Pointing to this record the agricultural college authorities declare there is a chance for California farmers to increase their production of grain to a vast extent.

The record acre of the farm was summer fallowed last year, kept cultivated to conserve the moisture and planted December 15.

Shortage of Ice

We wish to notify retail purchasers of ice that during the month of August there will be a shortage of ice. The wagons will supply customers as far as possible each day, but no customer may have ice two days in succession.

Our plant is running capacity every day and we have attempted to purchase from other Southern California plants, without avail.

We ask the co-operation of the people during this time, as wholesalers are obliged to have ice to take care of their perishable goods.
